Instructions

Stop here. Not there, here. Stop right here for now. Summer stopped for 782 students on August 26, but it didn't stop for anything else. No crossroad, stop sign, or road construction could stop or slow down a Warrior. Sometimes we signaled and sometimes we just turned — the tables. No weather condition could slide us off our track; just look beyond this page to see, but not yet, stop for now.

Yield or stop? Advance now to yield. Many students, such as senior **Brian Jones**, yield for homework? "Well, maybe but not until the 'Top Nine' comes on WMEE at 7 p.m." Students could always find some sort of distraction to put a yield on their homework.

GO. Go where? Well, now it's time to go so don't stop right here ...

➡ Go On To The Next Page. ➡

Schely Gerbers

Going back in time to the 50's, junior Tracie Irick tries to study in the library like "they" used to. Tracie was one of the many girls who dressed up in 50's attire during spirit week; the juniors still came short of the senior class. The Warriors beat the Lions 30-0 on a Lion Safari homecoming night.

During the first week of school, the excitement of his last year puts senior Scott Herschberger off in sleeppland, while other students in study hall find more constructive things to do.

Kym Campbell

Dru Delagrange

STOP

Drop Everything STUDENT LIFE

Student-life (stōōd'nt, lif), N. 1. the life of a student. 2. the condition that distinguishes a person who studies, from a person who trains, from a person who goofs around. 3. also the social life in which most students go to school.

Stop and drop everything, for any reason. Students, like the Fretter commercials, dropped everything for anything. In school, students dropped books, pencils, classes, and lunches. Friends told friends to drop by, drop in, drop over, drop down, drop off something, and sometimes to drop dead. Some students did the drop kick and "bop til' ya drop" routines, while others looked to the skies to avoid any bird droppings coming their way. Stop and drop everything, for any reason or to just take cover, but don't drop those eggs!

Caution: No stopping, standing, or parking. Keep traffic flowing. Next information center on page 42, bathrooms included.

Schely Gerbers

The Warriors try not to drop their hot chocolate at the home football games as they watch the football team drop another touchdown on their opponent. The Warrior fans cheered the team on to end their season with a 7-2 record.

Drop those guns boys, it's Juniors Gina Wiseman and Teresa Sleger showing just how sophisticated they can be and having a little old-fashioned fun at Cedar Point during their summer vacation.

“

It felt creepy in that cell because someone hung themselves in it. Chris Popple and Brandy Fledler, locked up in the old city-county jail.

”

Brian Brenhake

The lives of eighth grade students Julie Schnelker, Jenny Hoffman, Steve Hamilton, and under the golden arches, Chris Swymeler and Kim Habegger are that food comes first? This group was lucky enough to get out of school on a field trip and eat some "real" food.

Summer went for all students, but where it went was a different story. Junior **Jenny McClure**, for instance, went to England, while senior **Beckie Eberly** traveled to Canada. Junior **Dan Buckland** didn't go out of the country, but he still had fun on the beaches of South Carolina.

Camps were a big part of summer too. Sophomore **Troy Hege** said, "Going to basketball camp for two weeks at Purdue and Ball State wore me out, but now I'm in shape and ready to play." Other people such as junior **Lisa Breit** went to church camp. Another kind of camp was drill team. Sophomore **Monica Moon** commented, "Going to drill squad camp was hard, but worth it."

Some people stayed home all

summer, keeping themselves busy with a variety of things. Sophomore **Arlene Graber** played softball for a local team, while junior **Debbie Martin** relaxed and shopped.

Many students might not have gone far, but far enough to get to their lake cottage. Freshman **Kerry Hoeppner** spent all of his time at Crooked Lake skiing and swimming, while sophomore **Kristy Schlie** went to Lake James to lie in the sun.

Summer went faster than it had come, but where it went was a different story. When school started, the story was over and summer had gone. But it was not gone forever. It would return June 3 at 3:06 p.m. 1987.

Carol Hughes

Messing around a while to relax from a day of fishing at Silm Lake, Wisconsin, senior Darren Herschberger shows his excitement for catching the most fish that day.

The Heat
Is On
Right
Here

While waiting to start their engines, sophomore Candy James and junior Carol Hughes decide whether they want to celebrate Carol's birthday by putt-putting or attempting Diamond Jim's Rattle Snake Run.

At Pokagon State Park over the summer, sophomore Barry Goings goof's off by tying some tissue paper around his head.

During the summer at Wilderness Walk, Wisconsin, senior Jenny Gerardo poses as the county sheriff rescuing her friend and cocktail waitress senior Shannon Quikery.

During her summer vacation in Washington, junior Tonya Holsopple decides to view the Pacific coast by horseback riding on the beach.

Meet the staff: seniors Darren Herschberger and Schely Gerbers; juniors Robin Hackemeyer, Angie Cecil and Carol Hughes; and senior Beckie Eberly with senior Kym Campbell and junior Denise Beach below. These are the people behind the scenes and not in front of the camera. For more information on the staff see page 140.

This is a posed picture. It's of senior Kristen Hermann during school in seventh period speech class. She is dressed in the latest safari fashion which helped bring the seniors to a victory that day and for the week of homecoming.

Dru Delagrang

Tim Tuggle

Schely Gerbers

This is a no duck situation, with a duck seen only once in this book and not at all in the courtyard. The ducks put on quite a show in 1985 but are history from this picture forth.

Seniors are a toss-up. Some students want to see more, some want less, but there are always more pictures of seniors than any other class in yearbooks, so why break tradition? To see all of the seniors, turn to pages 10 and 88.

You Asked For It

Here It Is

This is what you asked for! This page is dedicated to the student body because it is exactly what you want or don't want in this yearbook. It's based upon the input given by the student body, and the biggest response was about ducks. The theme of the 1985 Arrow was "Bottoms Up" and contained several pictures of ducks. This page contains *NO* ducks, just humans? For more information on the difference, see page 120. There were many responses on the use of pictures of the staff members. Well, on this page there is *one*. Along with pictures, students

requested more action pictures and not so much of the posed pictures. How's the one to the far left of Kristen Hermann? Many students wanted the traditional senior baby pictures and, cars with their owners (see page 36) so guess who's who below. There were many new ideas brought up and this page tried to include them all or give a reference to a page which does. To see the most enthusiasm from the Warriors see page 38. It's what you asked for!

Schely Gerbers

1. Kelly Schling
2. Gregg Brueck
3. Beckie Eberly
4. Sarah Nussbaum
5. Lynda Grams
6. Tim Gerig

Stop! Think about your life and how you would redirect your high school years. Many seniors had to slow down and take time to scan their minds to find the answer to the question "If you could do it over what would you change?"

Shawn Axson: If I could do something over, I'd go to a different school!

JeanAnn Banet: I would try to get better grades and take more interesting classes. And I would re-live Spanish (5-6) class in 11th grade — those "every other days"! You certain students know what I mean.

Pam Basham: I don't think I would do anything over again. I liked things just the way they were.

Chris Bauer: I would like to redo the 1986 State FFA soils trip, I know I could have made it if I hadn't gotten so nervous.

Tiffany Bergman: I know I made many mistakes along the way but I wouldn't change a thing. I would just hope that I would have as many friends as I do now (maybe more) and have as much fun as I have. God bless!

Brad Bowditch: I would've had more fun, and I would've taken my Christianity seriously and told more people about it.

Amy Bowers: I wouldn't have taken any form of mathematics. I would have made the technical I received in the 1985 ACAC tourney more worthwhile, I would have packed my lunch more, I would have been a little more dedicated to my schoolwork, and if it is possible, I would have had more fun!

Gregg Brueck: Participated in more sports as a freshman. Go out with my friends more often.

Becky Cummins: I would have had more fun. I spent my last three years studying and seeing Troy. I would have gone to the football games and just be with my friends. I wouldn't have been so shy and quiet. There is more to Woodlan than academics and it's too bad that I am just now realizing this.

Dru Delagrane: I would have

never taken any math classes. I also wouldn't have dislocated my knee and would have stayed OFF crutches more often. As far as changing any of my friends, I would have exactly the same ones!!

Jan Delagrane: I would of changed some of the classes that I took and re-organized them so that they would relate to the career that I want to go in.

Troy Dial: I would take more of Mr. Hefty's ag classes and also take more of Mr. McKinnon's metals and automotive classes.

Tina Doctor: I wouldn't do anything over. It was hard enough the first time around.

Beckie Eberly: I would like to retake some of the tests I goofed up on or redo some of the stupid mistakes I made.

Cissy Ely: I would have worked harder in school and sports. I also would have spent more time with my close friends. And I think I should have started on my yearbook layout "If you could do it over again" a lot sooner.

Jenny Gerardot: I would want to play volleyball all over again. I also enjoy the games and dances.

Schely Gerbers: I would enjoy more of the times I had in high school instead of always saying I can't wait till I'm a senior, and work harder and not say we'll get it/do it next year.

Stan Gerig: I would have taken certain classes more seriously. I also would have tried to be a better example to others.

Stephanie Gingerich: I would have taken chemistry along with a few more business courses such as Accounting II.

Lynda Grams: I would like to change and do over my junior and senior years. They haven't been the best for me because this school is very small and in a small school nothing is a secret and rumors start too easy.

Brad Hall: Run for student council earlier. Participated in more homecoming activities.

Deb Haney: I wouldn't do anything over. I've had fun with

everything.

Kristen Hermann: I would have restrained myself from fouling out of half of my career basketball games. I would also have spent more time partying with my friends. I would have passed on the tardy tradition to another late riser.

Darren Herschberger: I would like to redo my senior year of football. I would have partied a little more with my friends. As for my friends, sometime I wondered, but now I know I could not of had better friends throughout high school.

Standing in speech class with shaky knees and sweaty palms, senior Penny Koch tries to be serious and inform the class of missing children.

It seniors Lyle Vondran and Tim Gerig could do it over, the seniors would send them back to kindergarten to learn the right way to walk down a hall.

It Tom Bergman could do it over, would he have stuck his tongue out again while waiting to finally get in the senior group shot?

Diana Malmstrom

Becky Eberly

Kym Carnabell

Senior Warning

If You Could Do It Over...

Scott Herschberger: I wouldn't have started work at Great-Way and would party more. And I would join the Army all over again. What's wrong with Me?

Jodi Hickey: I might have studied harder for better grades. I might have worked harder in sports. I wouldn't have let so many friends slip away just because we got older and busier.

Dean Jackson: I would have studied more, took school more seriously. I give this advice to younger students. Work hard in school, get good grades, it will make it a lot easier.

Penny Koch: Spend more time with my friends, looking for guys. I would have goofed off more and wouldn't have taken things so serious and I definitely wouldn't have tried so hard in Waldron's AllA4 class.

Angie Logan: I would of participated in more activities.

Cameron Maile: Of all my years at Woodlan, I probably would not change anything. Maybe I would have studied harder to get better grades, but that's not too likely.

Diana Malmstrom: I'd spend those eight months of my junior year in love again with that very special someone.

Mindy McCracken: I would have taken junior English in summer school!

Ray Mendenhall: I wouldn't have dislocated my shoulder my junior and senior years and I wouldn't have called red 44 the play Scott Yoder was hurt in.

Tina Miller: I would take high school more seriously. I would try to learn all I could to make my future a little more easier.

Clark Mundy: I would not have run the ball on the play I got hurt on.

Jim Notestine: I wish I would have studied more and worked harder.

Donna Nott: Nothing because I wouldn't want to re-live this.

Sarah Nussbaum: I probably would have studied more and gotten better grades in my freshman and sophomore

years. I really wouldn't ever want to do it over again though.

Kevin Peters: Have massive partys and raise some more heck in school.

Debi Pulver: I'd like to go back and start over knowing what I know now

Shannon Quikery: I would have taken easier courses freshman year, and I would have had a better attitude toward school in general. As for as a place where we can learn, and acquire knowledge instead of a place we have to go to.

Robin Quinn: I would take classes that would pertain to the career that I am wanting to pursue. I would also participate in more school spirit.

Mike Schlie: I would study harder, take more math classes. Get into football, wrestling, and run track.

Cortney Schwartz: *Maybe* I would study more, but I highly doubt it. I think I would work a lot harder at having more fun and not getting into trouble. I would definitely take a few days of my junior year over to be with the Great Ned and Bob our Buddy so that I could forcefully repay them for all of the learning experiences that I received in those two classes.

Jim Warren: I wouldn't have changed much. I enjoyed the six years I spent at Woodlan. It would probably be make the senior year go a bit slower. Time has just flown by.

Scott Worden: I would probably take more vo-ag classes and automotive classes.

Scott Yoder: I would replay my senior year of football.

Dawn Zirkelbach: If I would be my attitude toward my track career. I would have taken it a little more seriously, but I wouldn't change the experience of meeting new people, making many friends, and having lots of fun!

Friend or foe. Foe? Woodlan has no foes. Except, of course, maybe the school down the road, or the team we beat last weekend. But who needs foes with all the extra special friends around? The kinds of friends here aren't just the buddies you sit with in class, or the gang you hang around with at school. These are The Real Mc-Coy's, the genuine friends who don't stop for anything when you need them.

What's a true friend? According to senior **Stephanie Berning**, it's "someone who is always there for you. They'll never let you down." Sophomore **Heather Clark** said, "Friends are the people you can tell your problems to be-

cause they understand you." Senior **Debi Pulver** stated, "They are ever ready, ever willing and always able."

Doesn't everyone have a best buddy that they confide in? According to senior **Lou Ann Langston** "Friends are there when ya' need them to share special problems." Although sometimes they can create problems, friends usually stick with you through thick or thin. Senior **Jenny Gerardot** said "Friends make your life happy." And on down the road, those same friends will still be by your side. Friends are friends forever because friends don't stop!

Beckie Eberly

After an exhausting week in Saskatoon, Canada this summer, junior Tonya Holsopple and senior Beckie Eberly relax by perching on a tree. They were attending a church youth conference.

Friends
Don't Stop
Together
Forever

Beckie Eberly

Avoiding the mental strain seventh period calculus places upon a person, seniors Darren Herschberger, Susan Ridgway, John Knoblauch, and Drew Whitehead decide to do anything but think about calculus.

To help celebrate junior Bobbi Jo Schmucker's birthday, Juniors Angie Miller, Bobbi, Traci Bowditch, and Nikki Delagrang gather at Bobbi's house for a party. Next stop, a movie.

Having just finished a so-called "lunch" on a dreary Monday morning in November, freshmen Nathan Ledbetter and Shawn Schaper stay in the cafeteria to discuss plans for the weekend.

Before leaving on a shopping spree to Glenbrook, sophomores Katrina Webster and Kristi Hamlin show off their legs. By linking arms, this duo proves that they are truly inseparable friends.

Homecoming. Let's all go home. No way! Homecoming's too much fun, so everyone stayed to brave their way through the safari week. The students participated in four spirit days as opposed to only three days the previous year.

The first day students entered the jungles of the wild by dressing in khaki and camouflage. As senior **Tim Gerig** commented, "Camouflage day was great because I could torment those who refused to dress up by tying them up with my safari rope."

The next day, the student body went back in time to the 50's. Junior **Tanya Holsopple** replied, "It was fun to dress up and I liked the music they played between classes. It made me feel like I was really in the 50's."

Then Thursday was the traditional blue and white day. After school, the halls were transformed into jungles. The senior and junior classes split first place in the hall decorations.

By Friday, people classed up their acts and dressed in their best attire. A pep session was

held at the end of the day honoring all the fall sports, especially football. During the pep session, the cutest baby face winner was announced. Junior **Lynn Swing** won the contest and commented, "I always wanted a rattle."

Friday night the Woodlan Warriors defeated the Leo Lions by a score of 33-0. During halftime, seniors **Scott Yoder** and **Amy Bowers** were announced homecoming king and queen. Their court consisted of seniors **Ray Mendenhall**, **Jan Delagrang**, **Russ Johnson** and **Pam Martin**, juniors **Nikki Harris** and **Dave Mohr**, sophomores **Marcy Riebersal** and **Larry Coomer**, and freshmen **Joey Ternet** and **Holly Gaston**.

"There was only one disappointment," said senior **Schely Gerbers**. "None of the classes got to have their name put on the Powder Puff plaque because of the rain," which cancelled the game. The rain may have soaked everyone at the game, but, since it was homecoming, no one went home.

Dru Delagrang

On an attempt to score a touchdown, junior running back **Mike Logan (22)** carries the ball and watches as teammates junior **Lynn Swing (62)** and senior **Ray Mendenhall (12)** block for him. Meanwhile, senior **Jason Sebert (20)** acts as a decoy to lure the defense.

Stop
Go Home
Safari
Ahead

Dru Delagrange

As the final preparations are made, senior Aimee Gaston, and freshmen Janell Smith, Aimee Krick, Rob Bennett, Niles Schwartz, and Sheila Schnelker patiently wait in the parking lot for the homecoming parade to begin.

Due to the rain, the king and queen were crowned at the dance, after the game. Seniors Scott Yoder and Amy Bowers begin their reign by dancing to the traditional royal song.

By sticking out her tongue, Athletic Secretary Pam Moore expresses her dislike for the camera in the hall during her break on 50's day. Mr. Hetrick, Mrs. Bottoms, and Mr. Rohrbacher were some of the other staff members who participated in 50's day.

After four consecutive days of rain, spectators produce an array of colored umbrellas during the football game against the Lions.

There was a war zone between the Senior Citizens, Pajammin' Juniors, Samurai Sophomores, and Hawaiian Tropic Freshmen who gathered in the varsity gym to battle it out in the game of basketball. The teams all dressed and acted according to their theme while cheering on their very own basketball "stars."

There were two tournaments divided into two twenty-minute periods, one between the guys and the girls. The girls tournament ended with the Samurai Sophomores being the champions over the Senior Citizens. Sophomore **Arlene Graber** stated, "The senior girls really made it hard on us when they got powder all over the floor during their warm-ups but we gave it our all and came out on top." In

the guys tournament the Senior Citizens were victorious over the Hawaiian Tropic Freshmen. "The tournament was really radical, but we knew we wouldn't win so we started fouling them like crazy!" commented freshmen **Rob Bennett**.

Who could turn down a chance to be with their friends, dress up wild, and just act downright *CRAZY??!!* Junior **Bobbi Jo Schmucker** commented, "We knew we were losing so we decided to stall the game by throwing our pillows and stuffed animals onto the floor."

Here's where the classes had a chance to battle it out with each other and some were victorious, some weren't, but it was all just for fun and games.

Carol Hughes

Senior Citizen Marcy Brenneman attempts to make her way up to cheer for the Senior Citizen guys during their game against the freshmen.

War
Zone

Between
Classes

During the Pajammin' Juniors girls game against the Senior Citizen girls, juniors Nikki Harris and Teresa Sieger try to behave themselves by sitting on the sideline.

Samurai Sophomore Phil Pusey tries to get the crowd riled up before the first game begins between the Senior Citizens and Samurai Sophomore girls teams by doing the Sophomore Chant.

After their victory against the Hawaiian Tropic Freshmen, the Senior Citizen guys team get together for their group victory picture with their coaches Brian Jones and Bobby Knight Sr., Tim Gerig.

In the Hawaiian Tropic Freshmen corner of the varsity gym, the girls team listen to their coaches Lloyd Ball and Marc Evans to get their strategies together before playing the Samurai Sophomore girls team.

Celebrating the New Year at a party held at senior Ray Mendenhall's house, some guests watch movies as others enjoy themselves by eating and playing cards.

Hanging from a tree in Bob and Nancy McKee's front yard in Harlan, this skeleton scares trick-or-treaters on Halloween night.

Robin Hockemeyer

On her way down to Florida before spring break in senior Kelly Schling's motor home, senior Dawn Zirklebach is excited and acts crazy by laying across the table for a picture.

Before going trick-or-treating Halloween night on Mr. Myers' front porch, junior Troy Gibson from Garrett, seniors Ray Mendenhall and Courtney Schwartz, junior Troy Smith, and seniors Brett Motter, Rod Hormann, Matt Werling, and Clark Mundy imitate the Ku Klux Klan.

Caution

Partying
Zone
Ahead

Slow down because you're entering the partying zone. Holidays meant celebrating with friends or relatives, eating lots of food, getting out of school and basically having a good time. "Christmas was my favorite," stated senior **Dean Jackson**, "because of the long break and all the presents I got."

Some students even considered spring break a holiday. Many took a cruise down the partying zone and found themselves on the beaches of Florida while others found

themselves at home. "We went to Ft. Myers and had a great time because there were a lot of people down there that we knew," stated junior **Tyler Harris**. "I was glad to see spring break come, 'cause I got caught up on my soaps and it just gave me time to relax," stated freshman **Janell Smith**.

From Valentine's Day to Halloween, whether they resulted in cruising south or just around home, they were days looked forward to.

Robin Hockemeyer

Trying to get everyone into the Christmas spirit, senior Todd Oberley dawns his shades and Santa outfit in Mr. Mull's government class.

After being crowned the morp couple, junior king Kent Peters and senior queen Tina Miller dance to the traditional slow dance.

Turning for the audience, freshman Kristy Irwin shows off her tan before winning the contest.

The morp is a backward prom when the girls ask the boys, but sophomore Clark Plott and junior Scott Burkhardt take it one step further and pair up for a slow dance in the center of the gym.

During their coronation, junior Kent Peters and senior Tina Miller adjust their crowns for their big dance while sophomore Brad Ahlersmeyer (with microphone) jokes about them and junior Scott Burkhardt, sophomore Clark Plott and junior Lance Irwin join in laughing.

Girls Chicken Out

At Morp

The morp is a tradition where the girls get brave and ask the guys to a dance. Morp, "prom" spelled backwards, threw a surprise on April 10. Woodlan's female sex hid in the sand and the attendance at the dance was much lower than usual. Senior **Todd Fojtik** said, "I think the fear of rejection finally struck the womens lib."

Some of the events that went on regardless were the tan contest and the no-tan contest where freshman **Kristi**

Irwin won the best tan and sophomore **Carla Stieglitz** won the best no-tan. The king and queen, junior **Kent Peters** and senior **Tina Miller**, were announced and they danced to the traditional song. "Even though there weren't a lot of people there, everyone seemed to have a good time," commented **Tina**.

Even though the females were shy on April 10, the males showed them what to do on May 9, prom, on the next page!

Taking a break from spinning the tunes, freshman **Lori Campbell** and senior **Justin Byerley** talk about the dance.

During dinner senior Marsha Korte converses with another couple as her prom date junior Eric Armbruster prepares himself for the main course.

After being crowned king and queen, juniors Lance Irwin and Diana Rice swayed along on the dance floor to the traditional dance in honor of them.

Resting between dances, senior Nick Lengacher, junior Robin Hockemeyer, senior Scott Wilder, junior Karen Kneubuhler, and seniors Becka Cummins and Cameron Matle converse and watch the other dancers after dinner during the prom.

To be close to one another, senior Judy Boes and her date Rod Hamman, plus seniors Tina Miller, Roland Knepp, Susan Ridgway, and Mark Schuller dance to a slow song.

A Night

Done Right

Finding the perfect dress, renting a tuxedo, learning the proper etiquette, getting a limousine or washing and waxing a car, going to the tanning booth, attempting to walk and dance in heels, and earning money was all part of a night done right.

The prom was held at 6:30 p.m. on May 9 at Don Hall's Guest House. The prom theme was "Never Say Goodbye" by Bon Jovi and Sounds Unlimited provided the music. "The music was O.K., but I was disappointed because the D.J. didn't even have our theme song, and he played 'Wanted Dead or Alive' for the king and queen to dance to," said junior **Missy Duncan**.

The court was announced after the dancing was in full swing. It consisted of juniors **Scott Seelig** and **Tracie Irick**,

second runners-up; **Blake Hoeppner** and **Angie Heintzelman**, first runners-up; and the king and queen were **Lance Irwin** and **Diana Rice**. "I was shocked and excited and happy that Lance was king," replied **Diana**.

Students had various after-prom activities planned. They went to parties, a lake, someone's house for movies, or Cedar Point the next day. "A bunch of us went to Tim Gerig's house for a huge party. We had lots of fun," commented senior **Penny Koch**.

"I felt the prom was a success and one thing I'll remember is that everybody forgot their differences and had a great time as one big group," said senior **Lyle Vondran**, and that proved it was a night done right.

Dru Delagrangre

Displaying their close friendship, seniors **Brad Bowditch**, **Tim Gerig**, **Stan Gerig**, and **Cortney Schwartz** stand "cool" together for the last time on the dance floor during the prom.

Welcome to the first annual tour of Honor Avenue. The academic building, the scholarship tower, the athletic dome, the leadership office, and the junior high shop will be the five points of interest for the tour.

The first stop is the academic building on the left. Some awards given there were the valedictorian and salutatorian to seniors **Joyce Smith** and **Stephanie Gingerich** respectively. Also, the honor society received their ropes and their Presidential Academic awards.

Moving on down and to the right always is the scholarship tower. It was the proudest structure on this avenue and it helped Woodlan's high school students financially for their future. "Winning the Dellinger, Briegal and Kilborne scholarships will really help out for college," said senior **Pam Martin**.

Traveling a little further, the athletic dome becomes visible. Honors were given to those who lettered in a sport and senior athletic blankets were awarded to **Amy Bow-ers**, **Kristen Hermann**, **Ray Mendenhall**, and **Shane Parisot** who received 36 varsity points over four years participation in athletics. "It was a huge accomplishment and I was proud of myself for the four years of hard work," said

senior **Shane Parisot**.

Going on, we soon enter the leadership office. **Mr. Holt**, the teacher of the year for the second year in a row, is employed here. "I'm not sure how I won it again, but I get along with the students and I try to make the class fun for them," commented Mr. Holt. Also, seniors **Stan Gerig** and **Sarah Nussbaum** received the Good Citizenship award and soon thereafter retired following graduation.

Coming to an end and rounding the corner, we visit our last stop, the junior high shop. There, junior high students were awarded honors in various areas where sports and academics were the main attractions. Eighth grader **Kim Habegger** received an outstanding English award and commented, "It's my favorite subject and I was happy to be recognized in it."

Now that the tour has been completed and all the buildings visited, the accomplishments and achievements were obvious. "I think it's nice to be recognized as a senior and it made me feel like all my hard work meant something," said senior **Sarah Nussbaum**. That concludes the tour of the award zone on Honor Avenue.

Dru Delagrangue

Award Zone On Honor Avenue

Being third-year Academic All-Americans, juniors **Monica Ehrhardt**, **Kristie Kummer**, **Kent Peters**, and **Michelle Bryson** receive their plaques for all A's during honor night.

Mrs. Eckert awards senior Schely Gerbers with a plaque at honor night for being the most valuable year-book staff member.

After being announced the salutatorian and valedictorian of the senior class, Stephanie Gingerich and Joyce Smith take in the recognition and congratulations from the audience.

Smiling, eighth graders Jon Smith, Cory Lengacher, Curt Weller, and Ryan Dawson show how proud they are to receive a participation award in football during junior high honor day.

Mrs. Homrig awards gifts at honor day to eighth graders Linda Keller and Kim Habegger for receiving all A's in English.

During commencement Tania Chapman whispers quietly to Lyle Vondran as Marcy Brenneman listens attentively.

Closing the ceremony with the benediction, senior class president Amy Bowers speaks of the friendships and memories of the past four years and shows her emotions as she remembers.

Waiting eagerly to receive their diplomas, the seniors sit patiently and secretly play around by all crossing their legs during the ceremony.

During practice for commencement the senior class dances wildly to the school song to show their excitement about graduating.

The Future

Starts Here

The class of 1987 ended their high school career and took that first step into the "real world." "I was glad to see graduation come," stated **John Miller**. "I'm ready to face the world."

After the processional was completed, class treasurer Marcy Brenneman opened with the invocation. Speeches were given by salutatorian Stephanie Gingerich and 1979 graduate and school board member Steven Stieglitz. After the diplomas were presented, valedictorian Joyce Smith gave her speech about friendships. Following the school song, class president Amy

Bowers closed the ceremony with the benediction. **Tina Doctor** said, "With the gym being so hot, it was nice that the ceremony was short and sweet."

The motto that the graduates chose was "I will not follow where the path may lead, but I will go where there is no path and I will leave a trail." The class colors were blue and white and the class flower was a blue-tipped white carnation.

Now realizing that they they had graduated, the class of 1987 set out to begin their future and it all started right here!

Robin Hockmeyer

With diplomas in hand and smiles on their faces, Amy Yoder and Lynda Grams exit the gym after the ceremony has finished.

A group of spectators watch firemen attempt to battle the blaze that broke out around 5 p.m. on May 28 at the Maumee Valley Seed and Grain Company.

After the big game against Ohio State at Bloomington, Indiana University star Steve Altord is busy signing autographs for his many fans.

Schely Gerbers

Janelle Becker

Terence Beach

During the week of May 9, the SADD chapter set up a display in the main lobby. A coffin with the prom theme "Never Say Goodbye" was featured urging students to not drink and drive.

On his 40th birthday, a grinning Mr. Rohrbacher stands in front of a sign located on his office door. To complete the scene, he holds a bouquet of dead flowers.

Stop To Stroll

Down Memory Lane

It's 3:05, going-home time, welcome to our traffic jam! With cars backed up from east to west, what a perfect time to stop and reminisce. So roll down the windows, sit back and let's take a stroll down memory lane.

If you recall, our town of Woodburn became quite the hot spot when we experienced two major fires. According to junior **Jack Thomas**, "Woodburn has become a pun!" On April 29 a fire broke out in downtown Woodburn, burning for 9½ hours, and destroying a deserted building beside the Jiffy Tan salon. Not long after that on May 28, Woodburn made national news with a chemical fire at the Maumee Valley Seed and Grain Company. More than ten thousand people were forced to evacuate their homes to escape a toxic cloud of fertilizer and pesticides. Another time, in the school, there was a fire in the girls restrooms caused by an arsonist lighting the toilet paper.

Now let's look on down the road at some more cheerful memories. The Lady Warriors completed a dream, taking the ACAC title in basketball. I.U. won the Big Ten as well as the NCAA championship, and Steve Alford became a major celebrity, visiting Fort Wayne to participate in the Mad Anthony Golf Tournament, 21

Alive's "I Challenge Greg" at Southtown Mall, and some commercials.

In world and national news, the Iran Contra scandal shook the White House, but President Reagan claimed he forgot details, so who knew what to say?? Colonel North was in lots of trouble and his secretary Fawn Hall *could* type! No one will forget the violence in the Persian Gulf when the USS Stark was fired upon and three Americans were killed. Despite continuing terrorism, the Pan Am Games came to Indianapolis and our own Woodlan drill squad was asked to perform. Jim and Tammy Baker were cordially invited to end their reign over the PTL Club, and Jerry Falwell stepped in to command.

Mr. Rohrbacher went over the steep hill when he turned 40 on May 9, and the junior high had a field day on May 27. This was a first for Woodlan and eighth grader **Tressa Miller** said, "It was really neat to get out of class and everyone had lots of fun!" The first SADD chapter was formed, and around prom time a controversial coffin appeared in the main lobby along with a wall display of bloody pictures.

There were many more memories of 1987, but the traffic jam has subsided. It's time to move on and make some memories for '88!

Beckie Eberly

On April 29 a fire broke out in downtown Woodburn. Lynn's Barber Shop and Jiffy Tan sustained smoke and water damage and a vacant building between was destroyed leaving this pile of rubble.

Before the next class begins, junior Scott Swymeler stands in the hall in front of study hall with his girlfriend junior Tami Steinman as senior Cameron Maile, behind them, stands with senior Beckie Cummins.

Before having to rush off to first period class, Juniors Lon Ternet and Missy Dunkin cuddle together at their lockers.

Denise Beach

Denise Beach

After lunch in the varsity gym, seniors Penny Koch and Maria Bell get to relax and cheer for the football team together during the pep assembly.

At the morp in the Junior high gym, senior Clark Mundy fast dances with his date Junior Tami Wellman while seniors Dawn Zirkelbach and Todd Jaitik prefer to dance much closer.

Stop Dating?

Not Here

Stop dating here? Dating was the fun part of school and students just couldn't stop. "When I was fifteen I had my first date and I had so much fun that after that, dating was a must and I don't want to stop," said senior **Kelli Beber**.

There came a time when hearts pounded harder, palms got sweaty, lumps formed in the throat, and people grew shy. Asking others out wasn't the easiest thing to do. "I was always afraid of being turned down and what their answer would be but I feel it's the duty of the guy to ask," said senior **Gregg Brueck**. On the other hand, junior **Lynne McCracken** thought that "It's okay for the girls to ask because some guys are shy and afraid." But, once the ice was broken, most found that the nervousness was well worth it. "I can remember my first date with my recent girlfriend. I was so nervous and afraid I would mess something up, but apparently I did something right because we're still together after six months," stated sophomore **Mike Hensley** who was dating

New Haven sophomore **Jennifer Gibson**.

Many students dated outside of Woodlan but the hallways would never show it. The hall monitor and supervisors tried to control the amount of affection shown between couples. Before school, between classes, and after lunch were the main "hot" times during the school day. "Being hall monitor is an enlightening experience because I see a lot that you don't think happens and I keep kids from doing what they're not supposed to do," said **Mr. Hetrick**.

After dating was in full swing and some relationships became serious, class rings were exchanged. Junior **Michelle Farver** who was dating senior **Tom Bergman** exclaimed, "The day Tom and I exchanged rings made me so happy and it's an unforgettable moment in my life." Those pounding hearts, sweaty palms, and lumps in the throat were all due to one word — dating; because it wasn't easy to stop here.

Diana Malmstrom

Denise Beach

During the night session of Tom McKean's presentation on drugs, sophomore Troy Ehle sits close to his girlfriend sophomore Dawn Rhodes in the cafeteria.

Watch out for the school zone! Slow down when children present! Why? Because schools are filled with kids and kids are people, too.

Many brothers and sisters attended Woodlan together, and many teachers had kids that went to the same school where they taught. There were many opinions of having a sister or brother at the same school. When asked if she minded having her twin sister not only at the same school, but in the same grade, sophomore **Janelle Yoder** replied, "No, I don't mind. It's OK." Junior **Lance Irwin** had an opposing view though. He said, "I don't like taking my sister to school and she tells everybody what I do."

There were many students who had their parents teaching here. Senior **Lyn Etzler**, whose parents both taught here commented, "Sometimes I like it because they're there especially if I need lunch money, but sometimes I don't like it because other teachers tell

my parents what I do when ordinarily they wouldn't contact other parents."

Also, junior **Kristie Kummer**, whose father taught here, replied, "Sometimes I like it because I can get extra help at home, but other times it can be a pain because my dad can see everything I do."

The teachers had an opposing view though. **Mr. DeLong**, whose son Matt was a sophomore, said, "I enjoy it because my son and I have the same interests and we don't have to go to two different schools for activities." Also, **Mrs. Deetz**, mother of freshman **Tim** and sophomore **Becky**, commented, "I feel that I can be both a good mother and a good teacher more easily than if they attended a school different than mine."

Many opinions surfaced on the subject of siblings together here, and parents as teachers, but they were all a part of the school system and a fact of life. Now back to the school zone!

Dru Delagrangne

School Zone

Watch Out! Children Present

Dru Delagrangne

During the girls ACAC tourney at the Coliseum, freshman Janell Smith asks her older sister senior Joyce if she can take her home after the game.

By trying to impress her mother one evening at home, newly-adopted daughter Maggie stands up with the support of mother Mrs. Furman.

Cross country runner Junior Kristle Kummer says she has mixed feelings about her father teaching here.

Dru Delagrang

Dru Delagrang

Watching only half attentively, Brett, brother of eighth grader Shawn Miller, and Cory, son of eighth grade boys basketball coach Charlie Hissong, cheer the team on during a boys home basketball game.

Showing support with t-shirts and W's, senior Stephanie and her sister freshman Gyneth Gingerich prepare to cheer on the Warriors during the girls ACAC tourney at the Coliseum.

After 3:05 p.m., senior Russ Johnson smiles in relief to be able to take off in his blue Ford Pinto.

Junior Russ McCurdy rushes to unlock the door of his red Manza so he can leave the parking lot before the buses do.

Kym Campbell

Kym Campbell

Everyday after school, senior Cissy Ely and Junior Nikki Harris go through the obstacle of figuring out which 1979 silver Ford Mustang is theirs and where it's parked in the double-row parking lot.

For his senior pictures, Nick Lengacher, one of four Fort Wayne Mustang Club members at Woodlan, proudly stands beside his 1966 Ford Mustang.

Park
It

Right
There

Driving a hot rod to Woodlan was a privilege. Maybe not for everyone; some still got stuck on a noisy, bumpy busride. As sophomore **Kristy Schlie** said, "I hate riding the bus. I feel stupid because other people are driving or riding with friends." Senior **Shannon Myers** commented, "I can remember finally getting my license and being able to drive to school instead of riding the bus. Now I leave when I want instead of standing in the cold." Junior **Russ McCurdy** stated, "It's not always wonderful driving though, to and from school." He was in an accident going home from school one day.

But if student drivers stopped right here, they made sure they parked right there and the right way. That meant with a parking sticker, in the "student" parking lot only, and between the lines or else DETENTION and loss of driving privileges. "I used to park at the side, because it was faster

in case I was running late, until of course we were threatened with detentions," confided junior **Nikki Harris**. And who were these people who parked in Mr. McKinnon's X zones? Looked like they needed a Tuesday/Thursday club membership card! At least that was what the higher authority requested, to stop it right there. Senior **Scott Marker** said, "I don't think it was a good idea for detentions for no parking stickers. Some people didn't even have them all year. They got a little carried away with all the parking detentions."

"Driving my car is much better than riding the bus," stated sophomore **Brian Recht**. "At least now I can sit in my car and jam for awhile before I go in." Freshman **Lori Campbell** said, "Now that my sister graduated, sometimes I ride the bus, which is a drag. I just can't wait for my license." Be careful where to park it.

Diana Malmstrom

Kym Campbell

Before the auto mechanics class applied bondo primer to senior Todd Oberly's multi-colored Mustang, he allowed one last farewell picture.

Could ya feel it? There was spirit in the air, pride and tradition. They were all right here. Students were proud of the school and were not afraid to show it. Having worked at several schools, **Mr. Rohrbacher** commented, "The school spirit at Woodlan is the best I have ever seen. When we play a rated team or at the Coliseum, at least two-thirds of our student body come to support us."

With this supportive attitude, the student body helped

countless teams to victory no matter where they went — ACAC, tourneys, sectionals, games or meets. "I think the pep sessions and events during the week help to motivate a team for the Friday night game," said senior **Ray Mendenhall**.

Spirit at WHS was shown throughout the year. No matter where the game, or what the weather conditions or score, Woodlan had spirit because spirit doesn't stop.

Darren Herschberger

During a home football game, the Spirit of Woodlan band begins yelling and waving for the fun of it.

Spirit
Is
Right
Here
A
Feeling
Of Pride
And
Tradition

While standing in the bleachers at a home football game, fans begin to yell and cheer in order to help move the team to another victory.

Before a game at the ACAC tournament at the Memorial Coliseum, junior Michelle Farver starts to cheer to the school song "On Wisconsin."

During halftime of the boys ACAC tourney, senior Brad Bowditch, junior Scott Seelig, and junior Russ McCurdy attempt to hoop it up with pom poms to show off their radical cheering ability.

After the homecoming victory over Leo, students went to the junior high gym to celebrate by rocking and rolling the night away to the latest hits.

Cheating is a no-no but junior Tyler Harris doesn't seem to care while looking on to junior Chris Bowers' English test. Junior Missy Dunklin watches the teacher, Mr. Hiatt, to see if he'll get caught.

During third period study hall, a very tired and bored senior, Lyle Vondran, puts his head down as junior Bobbi Jo Schmucker grins. Luckily, Mrs. Moon wasn't watching.

Beckie Eberly

Beckie Eberly

Beckie Eberly

Talking can get you into trouble, especially during "study hall" where most detentions were handed out. Eighth grader Nikki Smith and seventh grader Annette Smith were from their studies to take a suspension during sixth period study hall.

In sixth period English class, junior Craig Phillips takes a snore. In response to students sleeping in class, Mr. Mull replied, "If you have a health problem, you can't sleep in my class. You can go to the clinic but you can't stay here."

Dru Delagrangre

Spend

Saturdays Here

Saturdays? At Woodlan? That may sound absurd to most students. However, horseplay and mischief landed quite a few classmates in Saturday School. Last year it was detention, Tuesday/Thursday Club. Detention still lived on, but now there was an additional alternative.

At 8 each Saturday morning, an average of two or three students showed up for Saturday School. Teachers took turns twice a month monitoring the class and enforcing strict rules. No talking, no sleeping, no hall passes, just work. Junior **Margo Nussbaum** said, "What a way to spend your Saturday." At 10 there was a break and then it was back to the benches until 11:45. No, this wasn't a rerun of the Breakfast Club. This was Woodlan discipline in action.

Saturday School was by invitation only and failure to follow the rules resulted in reassignment. Who was invited and why? Some were there because of an overabundance of detentions and others with more serious discipline problems were asked to join the "club." Most students thought the program was effective. And **Mr. Greathouse** commented, "It gives students an alternative, Saturday School or suspension." Senior **Tina Doctor** stated, "Everyone likes to have fun, and that's all right, just as long as you don't get too carried away!" **Mr. Rohrbacher** agreed and said, "Saturday School is an effective way to discipline without taking away class time." And to enforce discipline some people had to spend Saturdays here.

Beckie Eberly

Dru Delagrange

Drawing on school property is an easy way to join the Tuesday/Thursday Club. Nevertheless senior Tim Gerig displays his talent and interest in golf by designing and constructing his very own "Governmental Dunes" in Mr. Mull's senior government class. Done in pencil, it consists of blue ink for water, with sand traps, bunkers, a forest, club house, and is complete with 18 holes.

STOP

Pass With Care ACADEMICS

Academics (ak-e-dem -ik), Adj. 1. pertaining to areas of study for higher education. 2. the "brain" of the school system. 3. college bound classes which call for hours of studying.

Stop! Pass with care. Academics meant a lot of studying and passing could be very difficult for some students. They complained that their brains were fried or they lost their heads because they crammed so much for a test. "It's the only way to study," said junior **Teresa Sieger** and many other students agreed. To "pass with care" is advice given on the road but it was also advice for school. Take care in passing classes unless it's a Friday and good luck then because no one does anything anyway because that's a NO PASSING ZONE!

Caution: If downgrade occurs, study harder. Next information center on page 66, telephone included.

Juniors Bobbi Jo Schmucker, Cathy Schwartz, Carrie Kitzmiller, and Tracie Irick play around in Advanced Art class by making a parachute out of a piece of dropcloth.

In the library during third period, Mr. Waldron elaborates in an attempt to help junior Teresa Sieger develop a thesis statement for her research paper.

Beckie Eberly

During a demonstration speech in Mrs. Furman's academic English class, sophomore Brian Goeglein helps sophomore Andy Reed demonstrate how to paint models of tiny people.

Beckie Eberly

In Mrs. Furman's sophomore academic English class, several students soak up the day's grammar lesson while Barry Govings (hand on face), silently meditates.

For his oral book report during which students were required to be a character in their book, junior Jim Alvey, alias rock star Jimi Hendrix, jams down in Mrs. Eckert's fifth period regular English class.

Write

Right Here

Everyone likes to write. Right? Right or wrong, students learned to write in English. On August 26, the English department handed out *Houghton Mifflin English Grammar and Composition* books and the learning started.

No sooner had the books been handed out when **Mr. Waldron**, the junior English teacher, suffered a heart attack putting him out until the last nine weeks. **Mr. Hyatt** stepped in for him, joining the department as a permanent sub. Next, it was **Mr. Snider's** turn. On October 27 around noon, his house in Ft. Wayne was set afire. The arsonist was never caught. **Mrs. Furman**, the sophomore English teacher, had a surprise, too. However, hers was a pleasant one. In October, she and her husband adopted a baby daughter they named Margaret Marie.

The next incident was in January when **Mrs. Willinger**, the senior and seventh grade English teacher, underwent gall bladder surgery and couldn't return until early March. Once again a permanent sub, **Mrs. Bradway**, came to the rescue. There were three more teachers left: **Mrs. Weaver**, **Mrs. Eckert**, and **Mrs. Homrig**. Mrs. Homrig faced a new challenge: as the junior high English teacher, she took on a sophomore class, while Mrs. Weaver and Mrs. Eckert had their own endeavors.

Regardless of the surprises, the English department carried on. Literature was read, grammar was taught, and compositions were composed. Why? So that all Warriors, young and old, could learn to write right here.

Beckie Eberly

Beckie Eberly

Using chairs as props, seniors Jim Warren and Gary Sefton act out a scene from the short play *The Flying Doctor* in Mrs. Willinger's first period English class.

here's

What Counts

Seventh grade math led into eighth grade math; eighth grade advanced into general math. From there, Algebra 1 and 2 was the next plateau followed by geometry. The next level was Algebra 3 and 4 with the final step being trigonometry and calculus. These were the building blocks to math, and here's what counted.

All year long students learned things from basic calculations like addition and subtraction, up to more complicated equations like asymptotes, derivatives, and intercepts. They worked on proofs, polynomials, symmetry, and other equations. Eighth grader **Tressa Miller** said that she liked her math class because if she didn't understand something, **Mrs. Scherer** would explain it. Junior **Beth Calhoun**

commented on why she enjoyed trigonometry by stating, "**Mr. Baulkey** is fun, and he treats you like a person and not just as a student." Other students also had favorite things about their classes. Freshman **Tim Deetz** said, "It gets fun (in Algebra 1 and 2) when **Mr. Baulkey** picks on people, but it gets boring when he gives assignments." **Beth** especially liked "his silly math puns." What do you call a guy who has a sunburn? A tangent. Teachers also had their favorite class; **Mr. DeLong's** was calculus because it wasn't something he'd taught a lot.

All in all, math was one continuous ladder with each class leading into another. With the steps that math took, it's plain to see that here classes counted on each other.

Aimee Gaston

Algebra teacher Mr. Etzler discusses current issues with his class after the material for the day is finished.

Working diligently, sophomore Trish Baker tries to complete one of her building geometry assignments during class.

John Nustbly

Sitting in calculus, senior Clark Mundy tries to absorb the new equations.

Showing his spirit during homecoming on safari day, Mr. DeLong stands in front of the class ready to begin.

Seniors Gary Sefton and Mark Schuller take notes in calculus as Mr. Baulkey shows the correct way to find the solution to the equation.

Taking the dead leaves off the plant to keep it healthy, senior Tim Gerig attempts to find the rest of them in plant science.

Dru Delagrange

By checking the depth of the dirt, senior Shane Parisot carefully evens it out in the biology room during class.

Dru Delagrange

Schelly Gerbers

Studying from the practical chemistry lab book, the dog-shaped structural formulas for alcohol converse to see if they're from the same family.

Stop And Watch

Stop and watch the action in the science department where it all began in the seventh grade. They studied physical sciences, life sciences, and dealt with plants and animals. **Linda Rorick** replied, "When we dissect things, it's kind of gross."

The insect collection, chemistry experiments, and the leaf collections dominated the eighth grade science class. **Craig Cotterman** commented on the insect collection, "It gave me something to do and besides, you made your own grade." **Craig** collected 170 insects and received an "A" with twelve pluses.

Getting into more complex matters, biology introduced life science, microscope labs, and dissections. Advanced biology consisted of a detailed study of the major kingdoms of plant and animal sciences, where in plant science, students

learned how to landscape and maintain lawns and greenhouses.

Involving bigger reactions, students had three levels of chemistry available: practical chemistry (its last year), chemistry and advanced chemistry. Senior **Clark Mundy**, an advanced chemistry student, stated, "It enhanced my background in the concepts of chemistry."

Moving on, physics is the study of movement, sound and heat transfer, and wave motion. "Physics is the hardest of my classes," commented senior **Marcy Brenneman**, "and it's difficult understanding all the technical things."

So stop and watch the action and watch out for the results of the experiments in the science department.

Dru Delagrangé

Dru Delagrangé

Due to the plant's growth spurt, senior **Mindy McCracken** repots it by holding it with one hand and packing dirt around it with the other during a plant science class in Mr. Myers' room.

Durling a lab in biology, sophomore **Chris Miller** takes notes by writing and drawing descriptions of slides after checking it under the microscope lens

Stop For The Past

Stop and learn from the past, because the past was where it all started. **Mr. Bauer** started it all off with eighth grade history involving the events that happened in the United States. The eighth grade class visited the Lincoln Memorial Museum for a field trip and **Chris Swymeler** stated, "**Mr. Bauer** is a really great teacher. He tries to make history interesting and going on the field trip was one example of the many ways he tries." **Mr. Bauer** also taught a world geography class which involved studies on the weather and other countries. He also let sophomores in on some action by taking 38 of them to Washington D.C. for a four-day field trip. They saw many national monuments including the White House. Sophomore **Troy Clear** commented, "The trip was really exciting yet a learning experience. **Mr. Bauer** was real nice to take us along."

Other "past" fields studied were government and economics taught by **Mr. Mull**. Government was the study of law and what made the government come about. Senior **Debi**

Pulver stated, "Learning about the government was kinda' interesting in a way. It explained about what the government really is." Economics, however, involved the stock market, and computer simulations. This class also had speakers from business firms to discuss situations. **Mr. Mull** also taught seventh grade social studies. This class included a combination of history and sociology.

Mr. Mull wasn't the only teacher involved in economics and sociology. **Miss Schaeffer** shared these fields of teaching as well. She also taught psychology which involved the studies of people and their behavior. Junior **Teresa Sieger** commented, "We had to keep a journal from day to day, and put our feelings and thoughts into them. Later in the quarter we had to analyze them."

The last field of the past was U.S. History which was taught by **Mr. Knape**. This class studied the United States' mistakes and achievements.

Students stopped for the past, present, and future and learned more about it.

Carol Hughes

Sarah Herman

While on their trip to Washington D.C. sophomores **Brad Owens**, **Matt Nietert**, **Troy Clear**, and **Troy Hege** decide to take in a show at the aquarium before moving on to Arlington Cemetery and the White House.

Telling of her adventures in Mull's Jungle, Kelly Schling shows Amy Bowers her battle wounds in senior government class while Cherrie Partin listens in amazement.

Denise Beach

Junior Michelle Farver passes the time away in history class by taking notes and studying her history book.

On a field trip to the Fort Wayne State Hospital, the psychology class gets ready to watch a video on how the hospital got started.

Eighth graders Lynda Keller and Kim Habegger, while on a field trip to the Lincoln Library Museum, decide to take a break from the action and rest in the statue garden.

During her fourth period advanced child development class, senior Penny Koch looks up from her worksheet on childhood diseases.

To add the finishing touches to her dinner, freshman Gyneth Gingerich is busy in her kitchen dishing up dessert during her seventh period consumer ed. class.

A normal day for students in Mrs. Deetz's 7th period practical arts class consists of everyone taking out their papers and opening their foods books to begin the chapter review questions and learn about preparing nutritious food.

"Heads up 7 up" in Mrs. Deetz's class? No, it is just her fifth period seventh grade practical arts class voting on sausage or bacon for their breakfast menu.

What's Cooking Here?

What was cooking in the home economics department? Lots! But it wasn't just food. The subjects ranged from interpersonal relations, consumer education, clothing, interior design, and child development, to, of course, foods.

Did Warriors have a positive self-image? Those who took interpersonal relationships discovered a little more about themselves. Sophomore **Peggy Shuler** said, "I really enjoyed the class discussions and getting to know other students."

Another class was consumer education. Freshman **Michelle Johnson** commented, "Everything we did was fun and I liked the projects." Zippers, collars, and set-in sleeves were included in the clothing construction. But junior **Jenny Voirol** stated, "I learned more than just to sew. I learned responsibility." Then in child development class the topic was babies and for sophomore **Debbie Brown**, carrying her five-pound cornmeal baby around for a week was her fa-

vorite activity.

Color and design students in interior design practiced drawing plans and evaluating houses. For junior **Valerie Becker**, "Creating and designing my own home was a neat experience," she said.

Then there was always foods. Nutrition played an important role as **Mrs. Deetz's** food classes cooked and ate different types of cuisine. In practical arts, seventh graders learned basic sewing and cooking along with a quick course in child care. Lasting only one nine-week period, this was a switch from last year. **David Graber** said, "It was fun sewing, learning about kids, and making and eating food." Boggled down with paperwork and activities, **Mrs. Deetz's** comment was, "I taught the largest, most diversified group of seniors I have ever had and it made for an interesting year." There was a lot cooking in the home economics department.

Beckie Eberly

Beckie Eberly

Checking to make sure she doesn't forget anyone, sophomore **Heidi Herschberger** looks up in confusion before resuming setting the table during seventh period consumer ed. class.

Woodlan

Health Fitness Center

Welcome to the health fitness center. Would you like to take a tour? Step this way to the left as we first enter the Quest room. Something new started in health and all seventh and eighth graders found it. All students participated in a program of Quest. Quest was a new class designed to teach youth about growing up. **Mrs. Wilson** was in charge, relating to her students about adolescence. Exactly what did they learn? "We learned about peer pressure and stuff," replied eighth grader **Joel Brede-meyer**. Understanding peer pressure, sex, and substance abuse were the main topics. Through class discussions and activities, seventh and eighth graders learned to relate not only to themselves, but also to their classmates. A quick course on first aid and a trip to the McMillen Health Center were the highlights. Was it effective? Eighth grader **Arlene Stutzman** said, "The first aid really helped because now I know what to do if there is an emergency."

The next stop is the health room. Go down the hall past the sauna and to your right. While the junior high students studied Quest, all freshman students were studying health. Studying the human body and learning how to take care of it were the main topics. Freshman **Shanna Stoll** thought, "Health was okay, but learning all the bones in the human body was hard." In health class they learned about muscles and in physical education they used them.

Pass the racquetball courts and enter the physical education department. This class was required for all freshmen and sophomores. The teachers, **Miss Thomas** and **Mr. Martin**, showed students how to keep fit. What went on in gym? They played games like basketball, volleyball, tennis and, of course, war ball. Sophomore **Kim Shea** said, "Gym was okay but it depended on what we were playing."

Now if everyone returns to the lobby, we will give away free memberships for the '88-'89 fitness sessions.

Beckie Eberly

While grading papers Mr. Hetrick is distracted by one of his fourth period freshman health students and looks up to check out what the class is doing.

Hugs instead of drugs guest speaker Tom McKean shares his personal experiences with drugs with a group of Woodlan students and parents.

Mrs. Wilson waits for her seventh grade health students to quiet down before she passes out yesterday's homework assignment on substance abuse.

Seventh grader Lenny Schrock attempts to return the ping pong ball during a singles tournament in sixth period gym class.

During gym class freshman Tom Crist kicks the soccer ball past freshman Brian Kitzmiller while teammate Brent Lawless goes after the ball to score another goal.

In order to hand in an errorless time writing in Mrs. Balden's Typing I class, sophomore Lydia Stevenson and freshman Angie Oberley work feverishly before the buzzer sounds.

Attempting to finish her report for leadership class, junior Virginia King is distracted by somebody asking her a question.

Joel Nussbaum

Dense Beach

Tracee Inck

During sixth period Mrs. Bolden's general business students work on their assignment of writing checks and doing other related banking procedures to finish their checkbook simulation.

Working diligently during Mr. Kummer's class, senior Sheila Schurg hurries to complete her shorthand assignment so that she doesn't have to take it home over the weekend.

Getting Down To Business

"Write this down," "make a report," "accounts receivable," and "go to line number 5400" are all business-oriented procedures. Some students took these courses for fun while others took them to prepare for the future. To find out what business was some students took general business. "I had no idea that there were so many things involved in the business world," said senior **Becky Cummins**. Others took typing, shorthand, and office procedures. In these classes they took time writings and dictation, and prepared business letters. Junior **Debbie Martin** commented, "These classes provide hands-on experience that will help prepare me for the secretarial field." Other students took record keeping and accounting. Senior **Brenda Houtz** said, "I needed this class because I plan on becoming an account-

rant." In business law students went to the Allen County court house to see the aspects of law that they had learned in class, applied in real cases in the court room. They took part in the Kevin Hough arraignment trial. "It was a real experience," said senior **Marcy Brenneman**. "We learned the things you can't learn in class." While some students practiced business procedures others learned about computers. They learned how to use a word processor, create spread sheets, and write programs. "I think this class is useful because in the future the business world will be more computer oriented," said senior **Deb Haney**. Having gone through some of these classes, a student should have learned many applications of the business world.

Darren Herschberger

Dense Beach

During Computer III class junior **Mark Hart** contemplates what to do next to fix his Computer Match program.

Stop

Draw Shoot

Stop, Draw, Shoot. That's what an artist or photographer does. Either way, a picture or design is produced.

Mr. Van Horn, who was the only teacher in this department, had three types of classes: art, advanced art and photography. A student could take art for two years and learn the basic principles of drawing and painting. Sophomore **Chad Brown** commented, "It's an easy class that I can have fun in." A student could then go on to advanced art in which they chose to work with the pottery wheel, clay, stained glass, water colors, and also with metals which were made into jewelry. Senior **Beckie Eberly** painted a mural of hot air balloons in the junior high hall and the advanced art class painted the words "Warrior Country" on the wall in the cafeteria.

The photography class required two semesters. The first semester covered basic photography and the handling of the camera. Second semester, students learned how to do color processing and how to use flashes and strobe lights in a stu-

dio set up. **Mr. Van Horn** said, "I'd like to get a model in here to help them learn how it all works in a real studio." Senior **Mike Meyer** stated, "Photography's expensive. You have to buy film and paper, and also have a camera."

The Northeastern Indiana Region Exhibition was held February 8 at the Fort Wayne Museum of Art. There were four students from the art department recognized: pottery — juniors **Tracie Irick** and **Cathy Schwartz** received certificates of merit; jewelry — senior **Beckie Eberly** won a certificate of merit with one piece and was a Gold Key blue ribbon finalist for her pin. One of the top awards, the Kodak Medallion of Excellence, was won by junior **Mark Childs**. He was also a Gold Key blue ribbon finalist for two other works in photography. He replied, "I wasn't sure my work would win anything, but I guess it did."

The art and photography classes received many honors and continued to stop, draw and shoot.

Dru Delagrange

Dru Delagrange

Carefully finishing their pictures, art instructor **Mr. VanHorn** and freshman **Jill Friend** make touch-ups on their photos in the art room.

With his hands inside the changing bag, senior Mike Meyer smiles while he rolls film in photography class.

Beckie Eberly

Trying to stay in the lines, junior Valerie Becker paints "Warrior Country" on the cafeteria wall to add some excitement to lunch.

Dense Beach

Dru Delagrang

Hiding their faces behind their Halloween projects before terrorizing students in the hallway are Mr. VanHorn's advanced art students (front row) juniors Angie York, Angie Miller, Cathy Schwartz, Valerie Becker, Carrie Kitzmiller and Bobbi Schmucker; (second row) junior Mike Hetrick, senior Beckie Eberly, juniors Nikki Delagrang and Tracie Irick.

Before handing in a photo, senior Cameron Maile mats a picture by measuring and cutting it during art class in Mr. VanHorn's room.

During seventh period German class, sophomore Theresa Wagler, dressed in lei and shades, performs an aerobic routine during a German activity, the Trimm dich-pfad.

Goofing around during an in-class activity, Mr. Holt demonstrates to his seventh period German students how to lift dumbbells the German way.

Beckie Eberly

Carol Hughes

Dense Beach

During one of the mini Pan-Am games, a group of first-year Spanish students watch a soccer game in the girls gym while awaiting the event.

Representing Costa Rica in the softball tournament during the mini Pan-Am games, freshman Shadd Miser, sophomore Nick Klopfenstein, junior Anna Smith, and Mrs. Fickle below, get a quick team picture displaying the country's flag and poster before going back to the games.

talk

Right Here

talk right? What's right? Here students talked Spanish or German. Decisions, decision, which way to talk? About 110 Warriors decided to talk German. Why? According to junior **Beth Calhoun**, "It may be a tough class, but it is worth it because you learn so much." With **Mr. Holt's** help, they did more than just talk. In October they visited Frankenmuth to observe German culture. This was just a start. In January they were hitting the slopes of Swiss Valley. According to sophomore **Katrina Webster**, this one-day adventure was really a lot of fun. A German breakfast and another field trip to La Gourmea filled the month of March. Finally they ended with a banquet at Goeglein's. Was talking German worth it? Junior **Bobbi Jo Schmucker** stated, "I think it

was because I had fun and learned a lot about the language."

Fifty Warriors decided to talk Spanish. Like the German class, they too had a busy year. In November they sold license plates to raise money. For the first time, there was no Christmas banquet or schedule of field trips; however, they still found time for their annual trek to Bandidos. In May, students participated in a mini Pan Am Games, representing six different countries. They prepared reports, made flags, t-shirts and sung songs. **Mrs. Fickle's** comment was "El Espanol es lo mejor!" ("Spanish is the best!") Whether students talked Spanish or German, they learned to talk it right here.

Carol Hughes

In 7th period German II class students wait to receive directions from junior **Karen Kneubuhler** who explains the rules on how to windschule to sophomores **Andrea Hertzig**, **Peggy Coomer**, **Theresa Wagler**, **Janelle Yoder**, and **Katrina Webster** in a Trimm dich-pfad fashion German exercise.

d e v e l o p i n g

It

Now

Hammering a nail, cutting a piece of wood or metal, setting printing type, filling out a form, or just following directions were some basic skills students learned in industrial art and ag art classes. "The classes are really beneficial because you can learn from hands-on experience," stated senior **Jim Gessner**.

Mr. McKinnon's classes worked on the metal mills, built weight benches for the weight room, and made repairs on automobiles. **Mr. DuPont's** classes made mechanical and architectural drawings, tables, cedar chests and various wood projects, while other students in the graphic department were allowed to help **Mr. Miesle** in the operation of the print shop. They printed newspapers for other schools, pamphlets, and

various handouts for the entire school system. As a result of having had this experience, seniors **Jim Gessner**, **Rod Hormann**, and **Scott Marker** were offered and accepted jobs at Instant Copy in Fort Wayne.

Other students participated in the ag program. They filled out forms for the Hoosier Farmer, did scrapbooks and filled out proficiencies in **Mr. Hefty's** leadership class. Senior **Gary Sefton** said, "Filling out forms is hard work, but it's worth it when you get a first place." Some students in **Mr. Grubaugh's** horticulture class worked in the greenhouse while others practiced judging soil for contests.

One thing was for sure: a person who participated in ag and industrial art classes developed skills along the way.

Darren Herschberger

Darren Herschberger

Working on his jack rabbit's head in **Mr. Hefty's** wildlife class, sophomore **Clark Platt** puts on the final touch before he hands it in.

Joel Nussbaum

Needing another weight bench for the weight room, sophomore Tom Mosher and Junior Tim Fogle prepare to cut a piece of steel using a torch in the shop.

Darren Herschberger

Kym Campbell

During shop class sophomore Brian Recht operates a metal milling machine to make a wedge for a log splitter.

In order to make handouts for the entire school system, seniors Stan Gerlg and Rod Hormann place a metal carbon on the printing press in the graphic art room.

While on a mass media field trip to WPTA-TV, 21 Alive, junior Steve Tuggle talks to weather person Sandy Thompson about how she gets the forecast from the National Weather Service teletype.

Joel Nussbaum

Senior Brett Motter, while in first-year journalism class, looks at a News Sentinel for effective examples of captions.

Kyn Campbell

In drama class, sophomore Cris Till and junior Dan Buckland apply liquid latex makeup to freshman Kris Abel to give her what is called the "old age" look.

While studying typography in their first-year journalism class, sophomores Laura Peters asks for junior Jenny Lake's advice on what point size to use.

Stop For The Stars

Stop and look at the speech, drama, journalism, and mass media classes, because they are the ones that communicate but not necessarily with words.

Speech was found to be a fun class, but also scary at first. Senior **Michele Smith** commented, "I really enjoyed the class after a few weeks. I learned to relax and get to know the other students." Some kinds of speeches that they presented were demonstration, impromptu, entertaining, informative, and stimulating. Students learned techniques of gesturing and platform movement as well as how to improve their volume, rate, enunciation and pitch.

Drama taught students another way to communicate. It showed them the fundamentals of theatre and acting. Different types of acting: monologues, group and individual presentation, and pantomimes were some of the things the students covered. Applying stage make-up and building up facial features for a performance was another field they learned. Junior **Dan Buckland** commented, "Drama let me open up more

and be myself. I've always wanted to be an actor and this class has let me."

Mass media covered communication on a large-scale basis. Television and radio broadcasting terms and functions were focused upon. The class was able to go to the 21 Alive News station, WPTA-TV, to see how things really worked. Sophomore **Chris James** stated, "Going to the newsroom was fun. It helped me to understand how things really work."

Mrs. Eckert offered, for the first year, a beginning journalism class to those students who were interested in getting involved with communicating through publications. They learned the techniques of the yearbook and newspaper to get more acquainted with them before being on the publication staffs. Junior **Lisa Breit** commented, "The class helped me out a lot, how to do and understand the publications better."

So stop and see how these classes communicated. These were the classes who did it through actions in addition to words.

Junior Carrie Carr shows some of her baking talents in Mrs. Eckert's first year speech class during a demonstration speech.

STOP

Danger Ahead

PEOPLE

People (pe pel), N. 1. group of persons together as one. 2. the whole body of students in Woodlan. 3. the reason to have school.

Stop, danger ahead! The next 20 pages are under a very dangerous construction. There were many obstacles to face along the six-year development. If all of these obstacles were overcome, then graduation and college was next but only after the clean-up crew (the faculty) approved of the changes and improvements along the way. It was a long road, one of six years, but the reward was graduation and "the pot holes don't seem so deep when you get out," said senior **Jenny Platter**. The construction starts at the turn of this page, so reduce speed to one page at a time, turn slowly, and proceed with caution.

Caution: Road construction ahead. Next information center on page 100, gas station included.

Schely Geibers

Dru Delagrange

Using the "wanta' lick" psych theory, seniors Brad Stoller, Shane Parisot, Mike Meyer, and Gregg Brueck demonstrate exactly how it's done at the girls ACAC basketball tourney.

At the girls ACAC basketball tourney "people" came from all roads to get there. Woodlan had the largest turnout of supporters out of all eight schools and brought home the sportsmanship award.

Kym Campbell

“

'Would you look at that! This is the best newspaper we've ever seen,' said paper-trained sophomore, freshman, senior, junior high, and junior stuffed Oreo's.

”

Comparing "stories" at a home varsity boys basketball game, seniors Lyn Etzler, Joyce Smith, junior Traci Bowditch, and senior Tania Chapman determine that Tania had the best one.

Construction Starts Here

Danger. Proceed with caution. This is the beginning of construction. Seventh grade was on a new road now, the long road to high school. As the class of '92 began their journey, seventh grade was their first stop.

According to Andy Beachy, "Seventh grade was much better than sixth grade." New classes, new teachers, new friends, and of course Homework. Homework?? When Ryan Cook was asked for his opinion on this topic, he quickly replied, "I HATE HOMEWORK!" Sure they had the

same subjects like math, English, and science. But this time a real effort was made to get the seventh graders more involved with the high school. Student council met once a week at 7:40 A.M. to plan pep sessions, spirit weeks, and junior high dances. Stacie Goyings commented, "The spirit week made us feel important and we had a lot of fun."

Next stop ... eighth grade. Construction is 1/6 of the way completed. Eighth grade *here we come!*

Construction Continues

Eighth grade is between seventh grade, the beginning of construction, and ninth grade, the cross-over into high school construction. It's the continuation of a slow start but also keeps the process moving smoothly. The eighth grade class was a unique class which received more "seniority" than ever before. They went on a first-time-ever all-day eighth grade class field trip to the Old Fort and Old Historical Museum. They ate lunch at McDonald's and got locked up in the Old County Jail. "Eating at McDonald's

was the highlight of the whole field trip," said **Nikki Brown**. Another tradition-breaking activity was the junior high ACAC spirit week. The junior high student council members finally made a difference and pushed down that last stop sign between the fun they wanted and the fun they got. "In my opinion the week was a flop but our main purpose was to show we have spirit," said **Jon Smith**. Now the construction was 1/3 of the way over and the next step was to cross into the high school construction.

Crossing Over Again

Crossing over into high school caused freshmen to become scared and confused. A typical first day for a freshman, right? The change from junior high to high school could cause problems. "For most students, they come in not knowing what to expect from high school," said Mrs. Weaver, an English teacher of over twenty years. Jerusha Grubaugh said, "I think that there are several advantages in high school, because you can be included in more activities and feel more included in the

school." Some students took part in various clubs, while others participated in athletics. Lloy Ball who made the varsity basketball team commented, "My goal was just to make the reserve basketball team. I had no idea I would even play on the varsity team, let alone letter my freshman year. Having moved past another step in the construction, the freshmen made it clear that they were on their way and ready to meet the challenges that would come.

There's No Stoppin' Us

Hey! Stop and look at this one! Which one? That one right there, that Class of '89.

Most sophomores turned "Sweet Sixteen" and were able to get their license. Sophomore Troy Hege was one of the many who had this opportunity. He stated, "Now I can go and do more things than I did before."

Another benefit of being a sophomore was having the chance to get their class rings. Sophomore Monica Moon said, "I felt like I was getting more involved in high school."

One drawback of being a soph-

omore though was that they needed 38 credits to graduate instead of 32 needed their freshman year. The sophomore class was very angry about this change and some had a few things to say. Kristi Schlea was one who did and she stated, "I think it should have stayed the same. If it was good enough for them (the classes that had come before), then why can't it be for us?"

The sophomore class had some changes throughout the year, but it was quite clear that there was no stoppin' them.

Caution: Crossing Ahead!

Road crossing signs were avoided by the class of '88. They overcame many obstacles on their road to a higher education.

Magazine sales were an uphill battle for the juniors. The sale was extended a week so they could meet their goal. After the week was over, they discovered that they had exceeded it. They raised \$4600.00 for prom.

The juniors hit many pot holes along the road and taking the Scholastic Aptitude Test was the biggest. "They're too long and

technical," commented Kristie Kummer.

The juniors continued down that bumpy road of academic excellence with English and history, the two mandatory classes that had to be surpassed. Lance Irwin stated, "I think that a person might need English later in their life, but I'm not so sure about history." On the road to a higher education, the juniors were one stop sign away from the end.

Seniors stop? Seniors don't stop for anything and rarely for anyone. But the underclassmen, they stop for seniors! It's only fair. By the time seniors go through the whole high school construction they deserve a little seniority. "You're only a senior once. Might as well live it up!" That's straight from **Rod Hormann**. Being a senior means being at the end of the construction but it also means that further developments will be coming in the future. **Tanya Chapman** said, "My senior year prepared me for the real world of IU." Seniors have many memories and times they've shared with each other. Some were sad but others were so much fun. Don't stop remembering the times at prom, morp, spring break, homecoming, class tourney, powder puff, ball games, recognition night, banquets, and honor night.

During spring break at a condo in Fort Myers Beach, Florida, senior Kelly Schling hugs and squeezes Chicago senior Jenny Hermann, Kristen Hermann's cousin, to show how good of friends they became after just one week together.

Senior Activity Page On 158

At a home football game senior Cortney Schwartz, an injured player, yells words of encouragement to the rest of the team.

Stop, get my picture! Senior John Knoblauch roams the halls during class and gets caught hanging like a monkey from the stairway.

Seniors impatiently await the thrill of finally getting the traditional senior group shot taken on the football bleachers. They got out of class longer than usual because of a mysterious loss of the fence key. The group shot is on pages 10 and 11.

It's All Right Here

What was here? Forty-three teachers and two fulltime substitutes. Students couldn't get "there" from "here" until they passed the inspection of the faculty.

Athletic and organizational inspections were conducted. Coaches were Mr. Etzler, Mr. DeLong, Mr. Hetrick, Mr. Martin, Mr. Mull, Mr. Kummer, Mr. Miesle, Mrs. Bolden, Mr. Bauer and Miss Thomas.

Advisers of organizations were Mr. Pierson, Miss Schaefer, Mr. Baulkey, Mr. Snider, Mrs. Wilson, Mrs. Eck-

ert, Mr. Grubaugh, Mr. Hefty, Mrs. Deetz, and Mrs. Nelson.

Two fulltime substitutes filled in for Mr. Waldron and Mrs. Willinger. Mr. Hiatt was Mr. Waldron's sub from December until the end of February.

Mrs. Bradway was Mrs. Willinger's sub from January 14 to February 27.

Whether they were regular staffers or subs, the faculty paved the way through their teaching, both in and out of the classrooms. It was all right here.

Dru Delagrang

WHAT ELSE IS HERE

What else is here? There were not only teachers, but there were also cooks, custodians, paraprofessionals and the administration. Even though these persons were not actually teachers, they helped run the school.

The cooks were those nine women who fed us every day. They cleaned up after the messes and even made friends with some of the students. The head cook Helen Amstutz commented, "I like the people and the kids. Everyone is so friendly out here."

The custodians were those five individuals who

kept the school clean. They scoured the rooms, swept the floors, fixed odds and ends, and did all the maintenance that the building required. Head custodian Henry Fritcha replied, "I like the school and it's close to home."

The five paraprofessionals were new to the school. They were Mrs. Jewell, Mrs. Worman, Mrs. Moon, Mrs. Bottoms, Mrs. Moore, and Mrs. Lortie. Some of their work included supervising study halls, answering phones in the offices, supervising in auto mechanics, working with students in the

alternative room, aiding in the library, and helping in art.

Mr. Rohrbacher's, Mr. Greathouse's and Mr. Strautman's jobs included managing the school finances, overseeing the curriculum, evaluating teachers, disciplining students, and supervising extracurricular activities. Mr. Rohrbacher said, "I feel very comfortable with the teachers, staff, and students."

That's what else was here, and that's the rest of the story.

Dru Delagrangue

Cooks. Front row: Elsie Love, Sharon Fritcha, Wilma Voelker, and Betty Read. Back row: Dorothy Moore, Carolyn Hornmann, Helen Amstutz, Mary Rhoades, and Bertha Doctor.

Custodians. Karl Ehrhardt, Opal Ashba, Henry Fritcha, John Barkley, and Pat Lortie.

Holding the girls basketball championship trophy during the ACAC tourney at the Coliseum, tourney director Mr. Rohrbacher gets ready to present it to the Lady Warriors.

Paraprofessionals. Laverne Amstutz, Janice Moon, Alice Worman, Pam Moore, Mary Jewell, Linda Lortie, and Mary Bottoms.

Mr. Strautman holds the starting gun before a race at a home girls cross country meet.

STOP

Walk Like An Athlete SPORTS

Sports (sports), N. 1. an athletic activity requiring more or less vigorous bodily exertion and carried on sometimes as a profession, according to some traditional former set rules. 2. the action in which spectators from the city of Woodburn support and watch.

Stop! Walk like an Egyptian ... no, no, like an athlete! In every sport there is a little technique or special way that the athletes walk. There is a huge difference between the football players and the golf players by just looking at them and watching them in the hall. The same goes for the wrestlers and cheerleaders. Each sport has its own way and each athlete has his/her own style. Next time, watch for that clue because a Warrior knows how to walk like an athlete.

Caution: Athletics in progress. Next information center on page 132, food included.

Schely Gerbers

Putting his opponent in a crossface cradle position during a home wrestling meet in the varsity gym, junior Tyler Harris proves to the team that winning his match is why he made varsity.

They had a dream and made it happen. The varsity girls basketball team finally brought home the first-ever girls ACAC county tourney victory.

“

It was always there with me but I've never had to use it yet this season. I knew that I had to pass her because I've worked too hard not to be the state champion.

Junior Jamie Gorrell

”

During a home varsity football game, a referee found out what it's like to be involved in the actual playing of the game without the protection equipment.

Exceptional

Considering Injuries

On the misty football field after the homecoming game, senior Warriors shout and yell "We're number one!" because they just beat arch rival Leo 33-0.

ACAC all-conference team plus honorable mentions: front row: Craig Sowers, Rod Hormann, Darren Herschberger, Ray Mendenhall, Scott Yoder, Chad Brown, Troy Smith. Back row: head, and Cortney Schwartz.

Reserve Football

Bishop Dwenger	0-15
Concordia	6-12
Hicksville	39-0
Heritage	6-12
Adams Central	22-14
Leo	16-6
Churubusco	6-0
New Haven	0-10

On August 11 at 7:30 a.m., the summer stopped for 90 young men. It was again time for football and the two-a-day practices that went along with the preparation for the upcoming season that led to numerous injuries for the varsity and "a season of valuable experience and promising prospects for next year's team," said reserve player sophomore Barry Goyings.

The jamboree at Heritage offered the Warriors a chance to gain some valuable playing experience, but in the process they lost senior defensive back Cortney Schwartz until the last game of the season because of torn ligaments in his left knee. This was only the beginning of the injuries to come.

Opening the season against New Haven, the Warriors took it right to the Bulldogs from the first play, but during the second half lost junior lineman Paul Nieuwlandt for the season with a broken leg. Despite the injury, spirits were high from a victory. "We came, we saw, we conquered," commented senior back Scott

Yoder after the game, which Woodlan won 28-21.

Having won two in a row, the Warriors prepared for Norwell whom they beat 16-7. However, early in the fourth quarter the Warriors lost Yoder for the season with torn ligaments to his right knee.

After having lost senior quarterback Ray Mendenhall with a separated shoulder and senior lineman Lyle Vondran with a concussion at homecoming against Leo, they went to Carroll, undefeated in six previous games. The string was broken, however, when they were shut out 21-0. Junior back Troy Smith said, "I feel this loss helped motivate us for the game against Adams Central."

At that game, the ACAC championship was on the line and Woodlan never let up. They won by the final score of 16-7, capturing the conference title.

While the varsity finished with a winning record despite all the injuries, the reserves went injury-free but ended with a 4-4 record.

Darren Herschberger

While senior Craig Sowers (#67) and Lyle Vondran (#53) block the Heritage defenders, senior Scott Yoder (#33) attempts to score another touchdown as he takes the handoff from senior Ray Mendenhall (#12).

Trying to complete another first down, senior Ray Mendenhall (#12) throws a long bomb while junior Troy Smith (#35), and seniors Brad Bowditch (#77) and Scott Yoder (#33) block off the Heritage defenders.

During a crucial point in the game, Coach Hetrick and Coach Etzler watch anxiously to see if the play that had been called in proved effective.

Reserve. Front row: Paula Welch, Misty Bultemeier, Julie Miller, Monica Ehrhardt, and Diana Rice. Row 2: mgr. Bill VanDyke, mgr. Back row: Nate Lengacher, Chad Korte, Jim Geistwhite, Mark Baughman, Jason Heersche, Andy Beachy, Mark Huckeriede, Ryan Arnold, Jeremy Bracey, Jeff Kurtz, and Josh Hoot.

Conflicting

Teams Were Opposites

Stop and take a look at the scoreboard. Three teams: three different types of seasons.

The seventh and eighth grade teams had a rough introduction to football. The seventh grade finished with a 2-3 record and the eighth grade record was 0-4-1. Eighth grader David Gerig said, "I thought we had a great season. The scoreboard didn't show it but we tried our hardest." "It's not always winning that counts, it's the way you play the game," is a saying that they can relate to. Although they didn't win the majority of their games, the teams gave it their all.

The freshmen football team had an average season with a record of 4-4. They started

out with five straight wins before they lost to a tough Carroll team. They came off their loss to Carroll in true Warrior style by romping Heritage. Freshman Greg Keller commented on the season by saying, "I enjoyed it quite a bit. The coaches did a great job, and we had a pretty good season." Football provided a new experience for the freshmen because they got their first taste of two-a-day practices in August. Freshman Jim Mosher said, "The practices were long, hot and tiring, but it paid off in the end."

The teams may have had different seasons on the scoreboard, but in the end they were all experienced by one more year.

Carol Hughes

Eighth grader Shawn Miller shows some stretching techniques after school before going on the practice football field.

To get the Freshman team fired up before the game, Coach Todd Helmke gives a little pep talk.

Stop

Runner's Crossing

Stop! Proceed with caution. This is a runner's crossing. The boys' cross country team trained for their season with two returning seniors, one junior, two sophomores, and a freshman.

They ran through crossings of ups and downs. Their season record was 4-6 excluding conditioners and invitationals. At the ACAC meet, Woodlan placed fifth out of eight conference teams.

Junior Jim Newhard and sophomore Tim Gorrell were named to the ACAC cross country team. Gorrell also placed eighth in the sectionals

and advanced to regionals. There he placed tenth overall completing his season. Gorrell commented on how to prepare for the season by saying, "We ran the course and then we did team stretches." Senior Gary Sefton expressed his feelings about the season by saying, "We had a good year for individuals, and we made good showings at the important meets."

With good showings at invitationals and high individual performances, the boys' cross country team proved that Woodlan is a runner's crossing.

Junior Jim Newhard and sophomore Tim Gorrell hold their plaques after being named to the ACAC all-conference team.

Sophomore Tim Gorrell, who placed tenth at regionals, strives toward the finish line in order to better his time at a home meet.

Amee Gaston

At a home meet senior Scott Huth and sophomore Mall Nietert prepare for the upcoming run as freshman Steve Hammond hopes for a good finish.

Relieving tension before a home meet, senior Gary Setton goof's around behind sophomore Tim Gorrell as sophomore Matt Nietert prefers a more serious preparation

Smiling as he sees the finish line, senior Gary Setton pushes a little harder to get there during a home meet

Rounding a corner, junior Jim Newhard strives to make a good finish at home against Concordia

Front row, Coach Larry Bolden, Steve Hammond, Gary Setton. Back row, Tim Gorrell, Matt Nietert, Jim Newhard, Scott Huth.

The girls cross country team relax before the race by the tree and discuss the race which lies ahead.

Running in a home cross country meet, junior Kris Hoover strives for the finish and to improve her time.

To get an equal start, the girls cross country team hunches over the starting line at a home meet.

High school. Front row: Terach Wahli, Karen Gerbers, Kris Hoover, and Kristie Kummer. Back row: Jamie Gorell, Kelly Ohlwine, Robin Sharp, and Coach Kim Stairs.

Junior high. Front row: Ruth Ruby, Nikki Amstutz, Kristie McNally, Jackie Mann, Nikki Gorrell. Back row: mgr. Kathie Perrin, Angela Swary, Dawn Martin, Chad McAlexander, Dusty Sarrazine, Coach Brenda Wolfe, and team supporter Dana Lampe.

Exceeding The Limit

The girls cross country team exceeded all their limits both locally and statewide. Juniors Jamie Gorrell was the only runner from Woodlan that advanced to State and then captured the girls cross country state title at the South grove Golf Course in Indianapolis on November 9, with the time of 14:12.8. Gorrell competed with 134 girls for the state title and it was not an easy win. Gorrell did not take the lead of the race until there were 50 meters left in the race. "I didn't want any freshman (Kankakee Valley's Celeste Sunsis) to beat me, so in the final hundred meters, I just gave it everything I had to pass her. I worked too hard to let this go by me." In response to winning the state title, she said "It never really sunk in until I got home." Gorrell went undefeated all season and was an example of exceeding the

extreme limit.

The coach of the girls cross country team, Kim Stairs, led her team of six juniors and one sophomore to a season of victories. The team's season began with nine straight wins, not including the first place at both the Blackford and Manchester Invationals. The girls continued to tear up the cross country course by winning ACAC, held at Shoaff Park. The Belmont Sectional was next where the team placed third out of sixteen. Manchester was the site of regionals where the team advanced and took ninth place out of fifteen. Woodlan's junior high team also won their ACAC meet. Eighth grader Kristi McNally led the team by placing second with a time of 12:20. The girls' record indicated that they took their season to the limit.

Cissy Ely

The junior high cross country members participate at a New Haven meet.

For their performance in cross country, Terach Wahli, Jamie Gorell, and Robin Sharp were chosen to the Allen County Athletic Conference team.

Kym Campbell

At a pep session in the varsity gym, junior Jamie Gorell displays her first place State cross country medal.

Awesome Dreams

Awesome ... that's only one of the many words that described the Lady Warriors. Their record of 20-2 was not only awesome, but it was terrific, incredible, super, and marvelous. Coach DeLong agreed with these adjectives and added, "I was thrilled by it."

Senior Kristen Hermann was the leading scorer with 278 points. She averaged 12.6 points per game. Also, junior Tami Wellman led the team in rebounds with 203 for the entire season. Coach DeLong commented, "The season went better than I had anticipated, but the thing that stood out most was winning the county tourney at the Coliseum."

The girls won the county tourney for the first time ever. "Being there so many times before really makes you want it," said senior Amy

Bowers. "Having a team like we did and winning it made my senior year really special." The team also had a 7-0 record to win the conference league title.

The reserve team record was 14-4. The leading scorer was sophomore Arlene Graber with 119 points, while sophomore Sara Hermann led the team with 106 rebounds. "I was pleased with the girls," commented Assistant Coach Moore. "I felt they improved as the season went on." She also said that she wished they could have played their four losses again because in three of the games, they only lost by one point.

The varsity ended their season with the loss of the sectional championship game against DeKalb, but when asked how the season went as a whole, junior Sharon Frecker said, "It was awesome!"

Varsity. Coach DeLong, Kristie Kummer, Marilyn Doctor, Kristen Hermann, Marcy Brennenman, Amy Bowers, and mgr. Debbie Martin. Back row: Coach Moore, mgr. Anna Smith, Bobbi Schmucker, Kerri McNally, Tami Wellman, Sara Hermann, Angie Miller, Sharon Frecker, and Coach Conkle.

By using their hands and arms to block a pass from Northrup senior Lori Mein erding (#45) to teammate senior Jen ny Bull, senior Amy Bowers (#22) and junior Angie Miller (#12) attempt to stop the Bruins from scoring two points during a home game.

To score two points by shooting a close jump shot, junior Kristie Kummer goes up against an Adams Central opponent during their first home game of the season.

By lining up at the side of the free-throw line, sophomores Jenny Bush, Julie Yoder, Trish Baker, and Casie Swing wait for the ball to be thrown inbounds to score a possible two points for the reserve team.

Reserve. Front row, Angie Baker, mgr. Arlene Graber, Dawn Rhodes, Casie Swing, and Stacie Moore. Back row Coach Moore, Sara Hermann, Andria Hertig, Julie Yoder, Trish Baker, Sonja Stevens, Jenny Bush, and Stephanie Long.

Trying to score two points during the Central Lutheran game, eighth grader Staci Schaper (#14) concentrates on taking the ball to the hoop as Michelle Swing (#3) follows.

During the home game against Wayne Trace seventh grader Stacie Goyings (#54) maneuvers around her opponent by using her offensive strategy.

Freshmen. Front row: Katie Peters, Julie Teusch, Monica Carpenter, Sara Werling, Beth Jones. Back row: Coach Don Conkle, Angie Anderson, Amy Goodspeed, Aimee Krick, Tina Morhart, mgr. Jamie Kurtz.

Eighth grade. Front row: Kristi McNally, Shannon Smith, Michelle Swing, Jackie Mann, Mickie Gorrell, Laura Merica. Back row: Coach Diane Schaper, Janelle Herber, Lori Hissong, Dawn Martin, Nikki Brown, Teresa Williams, Jennie Miller, Staci Schaper.

Seventh grade. Front row: Teresa Arthur, Jenny Eberly, Jenny Long, Michelle Moon, Nikki Hamm, Teresa Pulver. Back row: Coach Kim Bolden, Stacie Goyings, Ruth Ruby, Carolyn Graber, Jodi Firth, Jennie Newhard, Rene Ehrhardt, Tracy Clear, Lisa Steiner.

Doing

It Right?

Is there any right way to play basketball? For the eighth grade girls team, there was. Not only did the team win every regular season game but they also took first place in the ACAC tournament. They ended the season with a 14-0 record. "We worked well together and we all had faith in the team," commented player Staci Schaper.

The seventh grade team ended their season with a 6-5 record. They considered this year a good learning experience. Coach Kim Bolden stated, "They learned to work together as a team and they got

along well."

The freshman girls had their own style of playing basketball. From the beginning of the season to the end they improved in offense, especially with shooting. Coach Don Conkle replied, "Overall, the season went very well." Player Aimee Krick said, "We had a lot of fun and the team got along pretty well. I'm looking forward to playing next year." Every basketball team had their own way of playing the game of basketball and they had their own way to do it right.

Robin Hockemeyer

During the home game against Dekalb, freshman Angie Anderson aggressively tries to score a basket by looking for an open shot.

With a clearance from 5'3" to 6'9", the Warriors drove full speed ahead and pulled through with a winning season.

Individual talent plus teamwork equaled an 11-9 record for the varsity team. Senior Scott Wilder, with the clearance of 6'9", made many accomplishments: Ft. Wayne New Sentinel's Player of the Week (twice), Ft. Wayne 21 Alive's (WPTA-TV) Player of the Week, nominee of McDonald's All American team and all conference ACAC team (second straight year). Wilder was also honored with a full scholarship to Tri State University, Angola. Senior Ray Mendenhall was also on the all conference ACAC team. Senior Stan Gerig

won the Pepsi Award, and freshman Lloyd Ball won honorable mention on the all conference ACAC team.

The reserve team's final record was 7-13. Sophomore Matt Loudon commented, "The best team doesn't always win the most games." The team's lead players were: Troy Hege, Barry Goings, Nick Klopfenstein, Derek Whitehead, and Jeff Clayton. Sophomores Barry Goings and Nick Klopfenstein dressed varsity toward the end of the season.

Whether the seasons resulted in victories or defeats, there's no doubt that individual Warriors excelled, clearing the way to a continued winning tradition.

Carol Hughes

Junior Troy Smith (#20) uses his experience as he slips past his defender, senior Luke Gross (#43) to make a layup at a home game against Bellmont.

At the Memorial Coliseum during a boys ACAC game against Carroll, senior Scott Wilder takes full advantage of his height by powering up a shot against senior Kevin Schenk (#30) and junior Scott Pfafman (#44).

Sophomore Brian Johnson (#34) displays his talent during a home game in the varsity gym against Belmont by using a turnaround jumper to elude his opponent sophomore Vic Miller (#43).

Coach Gay Martin gives his team a little pep talk before starting the ACAC tournament game against Carroll at the Memorial Coliseum.

Varsity. Front row: mgr. Darren Herschberger, Troy Smith, Ray Mendenhall, Scott Wilder, Tim Gerig, Stan Gerig, and mgr. Drew Whitehead. Back row: coach Bill Mull, mgr. Tim Deetz, Paul Nieuwlandt, Blake Hoeppner, Lloy Ball, Lance Irwin, Jeff Bradtmiller, mgr. John Roric, and coach Gay Martin.

Reserve. Front row: Chad Delagrang, Matt Loudon, Jeff Clayton, Nick Klopfenstein, and mgr. Tim Deetz. Back row: coach Bill Mull, Troy Hege, Brian Johnson, Chris Baughman, Derek Whitehead, Barry Goings, Matt DeLong, and mgr. John Roric.

Seventh grader Shawn Chaney slows down for a layup during a home basketball game against Eastside.

Eyeing the basket during a home game against Heritage, freshman J.R. Garcia prepares to shoot a jump shot.

Freshmen. Front row: Steve Hammond, Richard Fritcha, Shane Doehrmann, Phil Krohn, Rob Bennett, J.R. Garcia. Back row: Coach Denny Kummer, Nathan Ledbetter, Jason Linker, Tom Crist, Jim Mosher, Greg Keller, Tony Geise, Niles Schwartz.

Eighth grade. Front row: Scott Knerr, Ryan Dawson, Dusty Sarrazine, Chris Swymeler, James Moreno, Sam Graber. Back row: Coach Charlie Hissong, Cory Lengacher, Jon Smith, Sean Miller, Gerald Doctor, Mike Smith, Curt Weller, Brian Nestleroad.

Seventh grade. Front row: Mark Baughman, Nathan Delagrang, David Graber, Shawn Chaney, Mark Huckriede. Row 2: Jason Heersche, Dale Youmans, Chris Mosher, Len Schrock, Ryan Cook. Back row: Jim Geistwhite, Chad Korte, Andy Beachy, Jason McDaniel, Troy Rector, Coach Chris Platt.

RIGHT ON TARGET

The freshmen, eighth grade, and seventh grade basketball teams moved onto the court and tried to make their teams right on target.

The freshman team competed against thirteen teams in the regular season with wins against Heritage, Eastside, Leo, and Adams Central. Their record for the regular season was 5-10. The team's next step was the tourney. They faced Heritage in their first game — and won. In the next game they played Carroll, but came up one point short. Freshman Phil Krohn commented on the game by saying, "I felt that we played the best that we've played all year. Some of our

players that sluffed off played the best they ever had."

The junior high teams both held winning records. At the ACAC both teams faced Carroll, but both came up short. Seventh grader Dale Youmans commented on the season by saying, "Some games were tough, some were easy, and some we got blown away, but overall we played pretty good."

With high scoring games from the freshmen and winning records for the junior high, they proved that they could be right on target.

Amee Gaston

During a home game against Heritage, coach Denny Kummer gives freshman Tony Giese instructions while freshman Sean Motter keeps the books and freshman Nathan Ledbetter watches the game.

Before every meet the wrestlers stopped at their weight station to qualify in their weight class. For two months out of the year they starved themselves to watch their weight. "All except the heavyweights. They eat all they want; it's not fair!" said senior Lyle Vondran.

The team placed third at the ACAC tourney, and seniors Shane Parisot (126 lb.) and Mike Meyer (132 lbs.) both placed first.

"It's the first time we've had more than one first-place finisher since 1977," explained Coach Denny Miesle at a school pep session.

The team moved from ACAC successes to the New Haven sectional when Meyer captured first place and with freshman Mark Hoepfner (155 lbs.), Parisot, senior Brad Stoller (138 lb.), sophomore Chad Brown (177 lb.) and Rhodes advanced to regionals.

"We had the most sectional finishers ... since 1977," said Coach Miesle.

The Warriors weren't as triumphant in regionals at Snider as Meyer was the only one to advance, this time to semi-state. At semi-state he was defeated in his second round by Ed LeBeau of Concordia, 4-2.

The wrestlers made one last stop at the cafeteria for their season banquet where Coach Miesle presented Hoepfner with the most improved award while Rhodes got the fastest pin award. The "guts" award went to seniors Roland Knepp (185 lb.) and Gary Sefton (138 lb.), and freshman Shawn Schaper (119 lb.).

"Now that the season is over, we can indulge," said Hoepfner, but only until next season when the weight stations start and the junk food stops!

Jodi Hickey

At the Woodlan Invitational senior Shane Parisot proves he can't be pinned by his Concordia opponent and wins first place in his weight class. He also captured the "Golden Arc" award (for never being pinned) at the end of the year banquet.

Junior high. Front row: Greg Linsky, Chris Kurtz, Matt Tusison, Andy Beachy, Wes Filler, John Edwards. Row 2: Coach Lyle Vondran, Reed Mohr, Gregg Bryson, Jason Kneubuhler, Chet Bergman, Neil Justice. Row 3: David Gerig, Brad Kitzmiller, Lennie Schrock, Bernie Voirol, Jason Crowder.

After pinning his Norwell opponent, senior Lyle Vondran receives congratulations from senior manager Roland Knepp while assistant coach and brother Gary Vondran waits to be next.

Getting up from his first victory pin over a Village Woods opponent, seventh grader Aaron Smith later said, "I was proud because my parents were there and I pinned him."

Jodi Hickey

Varsity and reserve. Front row: Shane Parisot, Gregg Brueck, Kevin Peters, Gary Sefton. Row 2: Roland Knepp, Mike Meyer, Matt Werling, Brad Stoller, Lyle Vondran. Row 3: Dave Mohr, Brian Bradtmueller, Phil Pusey, Tyler Harris, Jason Hoeppner, Matt Thomas. Last row: Coach Denny Mieste, Greg Rhodes, Steve Keele, Eric Phillips, Lynn Swing, Todd Trobaugh, assistant coach Gary Vondran.

Hoping for a pin against a Carroll opponent at the ACAC held at Adams Central, senior Brad Stoller wins with a point score which helped him earn the "Most Improved Wrestler" award.

Junior Lynn Swing broke the discus record twice and went on to win that event in the ACAC.

Records

Set Right

The right recipe to set records: First add one track team, Woodlan's of course. Put members in various events, the ones they are best in. Record the best they can do. Mix in five practices a week. Put in a dish of incentives. Stir in encouragement. Add a pinch of pep talks. Then beat in a lot of hard work and tell them how bad it would be to lose against area schools like Leo. Recipe yields records that were set, reset, broken, rebroken, and improved upon by each member of the team.

From the very beginning, the second meet in fact, records were set right. Junior Lynn Swing started first and at the home meet against Bellmont and Bishop Luers set a new discus record from 143'2" to 149'10". Swing went on to break this record another time at the Heritage Relays with a throw of 150'2". He commented, "It felt like a good throw, and it just went out there and broke the record." At the ACAC, Swing placed first and at sectionals, sixth.

During the third home meet against Heritage and Churubusco, sophomore Tim Gorrell broke the 3200 meter record from 10:19.9 set in 1980 to 10:17.63. After that he rebroke

his record four other times with the last and final record set at 10:06.1. during sectionals where he placed fifth. "I knew I could get the two-mile but I was hoping for the mile also," explained Gorrell. In his other event, the 1600 meter run, he broke the record from 4:39.9 to 4:36.8 at the ACAC.

Another valuable team member who learned how to set records right was senior Shane Parisot. In the 300 meter low hurdles, he broke the record twice with the final record being 39.4 at the ACAC. He broke the pole vault record twice making it 13'3" at sectionals. That vault advanced him to the regionals held May 28 forcing him to choose between participating in commencement or vaulting. "I didn't think it was fair to even have to make a choice but I thought commencement was more important," replied Parisot.

The junior high team did now win one meet, but each member improved on their own. Setting records was not necessarily the goal of each member of the high school team but to improve and break each individual's own best was. That's the way the boys trackteam set records right.

Jodi Hickey

Vaulting 12'6" at the Angola Relays senior Shane Parisot received a second place and proves that he can go even higher. Parisot's best for the season was 13'1".

Striving for yet a higher jump at a home meet, senior Cortney Schwartz gives his all to successfully clear the high jump bar at 5'10".

Participating in a home meet, seventh grader Kevin Sharp competes in the shotput.

Junior high. Row 1: Kevin Sharp, Josh Hoot, Lyn Schrock, Bernie Voirol, Sam Graber, Mark Huckeriede, Mark Thomas. Row 2: Scott Nicely, Troy Rector, Jeremy Bracy, Scott Knerr, Chad Korte, Cory Lengracher. Row 3: Rick Till, Chad Timmerman, Ryan Dawson, Coach Smith, Jason Heersche, Chad McAlexander.

Team members are doing high knees during practice to build up their legs for an upcoming meet.

High School. Front row: Matt Thomas, Tim Deetz, Keith Habor, Eric Bauer, Gary Sefton, Todd Fojtik, Shane Parisot, Lynn Swing. Row 2: Julie Yoder, Jared Newhard, Niles Schwartz, Tyler Harris, Brad Owens, David Ternet, Chad Brown, Larry Coomer, Tim Gorrell. Row 3: Coach Larry Bolden, Tony Giese, Greg Keller, Brian Kreager, John Martin, Greg Rhodes, Troy Smith, Dennis Ternet. Back row: Coach Mark Hertrick, Clark Plott, Jim Newhard, Matt Nietert, Clark Mundy, Ray Mendenhall, Cortney Schwartz, Coach Dave Hiatt.

Concentrating on winning the race, junior Jamie Gorrell exhibits her running form in the 3200 meter dash against Adams Central. Gorrell went on to state and won the title in the 3200 with a time of 11:10.

Right On Track

Taking the right steps to a winning season the high school girls track team ended their season with a 7-2 record. Taking more than just steps, junior Sharon Frecker broke the school record in the 300 low hurdles. Frecker commented, "It was one of my goals to break the record." Running hundreds of steps junior Jamie Gorrell went to state taking second in the 1600 meter dash and capturing the championship title in the 3200. "I felt really good after the race (3200), and I felt like the whole

stadium cheered me on," stated Gorrell. "It was neat."

Following right behind the high school, the junior high finished their season with a 6-2-1 record. "Just being on the team was a good experience for me because I not only learned how to run better but also how to get along with people," stated eighth grader Jean Peters.

With the high school girls as their role models, the junior high girls successfully strived to stay right on track!

Robin Hockemeyer

Standing in a group at the home meet against Wayne Trace, the junior high track girls talk openly with their opponent and each other.

Clearing a hurdle towards the end of the race, junior Sharon Frecker shows her strong form to the end and finishes first

Running in the 3200 meter dash at the home meet against Hicksville, sophomore Robyn Sharp strongly finishes the race

High School. Front row: Jamie Gorrell, Kelly Ohlwine, Sharon Frecker, Stacy Koch, Angie Baker, Katie Peters, and Casie Swing. Row 2: Coach Dennis Miesle, Jay Linker, Brian Goeglein, Brian Kitzmiller, Rob Bennett, Armando Garcia. Back row: Chris Baughman, Derek Whitehead, Lloy Ball, Jim Mosher, Tom Crist, Mark Evans, Assistant Coach Todd Helmke.

With It

But Struggling

Starting on January 5 "With it" became the familiar saying on and off the baseball field from new head coach Dennis Miesle. Despite inclement weather and injuries, the coach incorporated his knowledge of the game into the daily practices to attain a sense of unity among the players for the upcoming season.

In midseason the Warriors lost senior Tracy Friend when a pitch from a New Haven batter hit him in the jaw breaking it in six places. Coach Miesle commented, "Our pitching struggled the rest of the season after his injury."

The first annual ACAC tournament was an addition to the varsity schedule. Senior Jim Warren said, "It's about time that baseball got a tournament around here. Most other sports have a conference meet or tournament so baseball deserves one, too." The Warriors rallied to beat Carroll 6-2 in the first game of the tourney but lost to Leo 7-11 in the second round.

Drawing upon nine lettermen for their leadership and talents, playing in adverse conditions, and adding several new players to the roster, the varsity finished the season with a record of 10-16. "Although we didn't have a winning record, we remembered to have fun when we played," replied senior Brett Motter. "That's what's important!"

In addition the reserves also struggled throughout the season with adverse weather conditions and lack of experience. Sophomore Brian Goeglein commented, "I think a lot of our problems resulted from the bad weather and lack of practices. Not being able to practice everyday really hurt us when game time rolled around." Overall the reserves finished with a 5-6 record. Even though weather and a major injury hampered the Warriors, a new coach showed his team how to stay "with it" to overcome obstacles and have fun in the process.

Darren Herschberger

Warming up the pitcher before the game, junior Mike Delagrange squats behind home plate to catch the incoming pitch.

Shortly after the girls basketball team was presented with the ACAC county tourney trophy, Woodlan was given the sportsmanship award and accepting the award are varsity members senior Schely Gerbers, Sheila Schurg, Marsha Korte, Michele Smith and Juniors Michelle Farver and Nikki Harris.

Noise Ordinance

A noise ordinance for cheerleaders? That would destroy the whole purpose of "leading cheers." In the three years that the seniors, Schely Gerbers, Marsha Korte, Sheila Schurg and Michele Smith, have cheered together, there have been many changes. "Every year we had new rules and advisors that took more time for us to get used to before we could get into our season," replied senior varsity captain Marsha Korte.

The newest system required the high school cheerleaders to cheer almost an entire year nonstop. They started practice in the spring, the day following tryouts, and the varsity and reserve squads judged other schools' tryouts, attended camp, participated in competition, practiced almost every weekday during the summer plus many Saturdays, and cheered football season, boys basketball season, and split the varsity

girls basketball season. The addition of five guys to the varsity squad during basketball season required even more hours. The freshman squad cheered football season and basketball season while two junior high squads, each consisting of three seventh graders and three eighth graders, cheered for football, girls basketball, and boys basketball, girls volleyball.

With no specific place to practice, the "Blue Pit" (the stage) was the designated meeting area for the high school cheerleaders. Before, the squads all practiced in the hallways and lobbies but were sometimes distracting to and in the way of other activities so Mr. Strautman put out a "noise ordinance" and turned over the "Pit." It didn't destroy the purpose of "leading cheers" but provided more of a soundproof place to practice.

Schely Gerbers

Senior varsity captain Marsha Korte does the school song prior to the first home basketball game.

Varsity and reserve. Left to right: Michele Smith, Marsha Korte, Monica Ehrhardt, Brad Bowditch, Sheila Schurg, Rick Messman, Nikki Harris, Scott Seelig, Julie Miller, Schely Gerbers, Paula Welch, Clark Plott and Diana Rice.

Object? To drive. Not behind the wheel. But with a club. And to swing this club as few times as possible. The ideal? The number one. A hole-in-one. The golfer to do this? Senior Tim Gerig, the first team member ever.

"I was the first guy to tee off for the match so everyone from the other team (Heritage) was standing around," said Gerig. When he hit his ball from the 100-yard number one tee at McMillen Park, he thought his ball bounced over the green. But the Heritage golfers told him his ball had gone into the hole. "I couldn't believe it!" said Gerig. "The wind was against me but the ball went in."

Gerig's hole-in-one wasn't the only first for the team. Senior Amy Bowers checked in as the first female ever to play golf for Woodlan. "I went out for track, just like I had done every spring through high school," she said, "but I wasn't enjoying it. I really wanted to be having fun, so I considered making a change." She said the golf team members were very good in accepting her and that there were no hard feelings.

Another senior golfer who scored a first for the team

was Gregg Brueck. While the team captured second place in the East Allen County Schools Golf Tournament, Brueck won top individual honors by being tapped medalist making him the first-ever Woodlan golfer to achieve this honor. "I was shocked," Brueck said. "I didn't expect to win something like that."

Two more trendsetters on the team were senior Jason Sebert and junior Dave Mohr. Sebert had seen professional players wearing knickers on the tour and mentioned to his mother Pam that he'd like to have some, too. So she made him a pair that he wore for matches. Mohr's fashion statement was wearing a cast on his leg due to torn ligaments and limping through the course.

The reserves finished with a record of 4-2. Freshman Chad Delagrange said he would remember the fun times at practice.

Even though the season was full of individual number ones, the team was what counted. Gerig said, "Even though golf is an individual sport, everybody cared about helping everyone else." Object? To drive. Not behind the wheel. But to number ones as a team.

After taking a practice swing, junior Lance Irwin concentrates on his next shot. He came in fourth out of thirty golfers in the East Allen County Schools Tourney.

Lining up his putt, senior Tim Gerig tries the read the green. He didn't have to do this on April 29 when he made a hole-in-one at McMillen Park.

Tackling one of the tougher golf shots, freshman Chad Delagrang keeps his head down and blasts out of the sand-trap during a reserve match. Delagrang led the reserves with a 46 average.

Decked out in his stylish knickers, senior Jason Sebert looks down the fairway and gets ready to make his approach shot to the green.

Front row, Jeff Clayton, Steve Hammond, Roland Knepp, Chad Delagrang, Brad Ahlersmeyer. Back row, Jason Sebert, Dave Mohr, Nick Klopfenstein, Gregg Brueck, Darren Schmucker, Tim Gerig, Lance Irwin, Brian Johnson, Mark Voors, Coach Dave Bauer.

STOP

Students Armed With

CLUBS

Clubs (klubs), N. 1. a group of persons organized for a social, athletic, political, or other purpose. 2. the organizations behind the fun at school. 3. can also mean a piece of wood used to beat with.

Stop! Students armed with "clubs"? Yes, it's true. Ahead is a section in which students are armed and possibly dangerous. When students attempted to *THINK*, it could have lead to out-of-hand situations. The "Clubs" section is full of situations where students were the organizers, producers, and dischargers of many different projects. "When we come together we could be like 'Gorilla' terrorists," claimed senior **Dawn Zirkelbach**. Don't forget to stop if students are seen with "clubs" in hand.

Caution: Beware of students conniving. Next information center 23 pages. Read the "yellow pages"!

Schely Gerbers

Robin Hockemeyer

During journalism class, Pow Wow staff members senior Al-mee Gaston, Junior Steve Tug-gle, and seniors Stephanie Berning, Cissy Ely and Diana Malmstrom congregate to come up with new story ideas.

Performing with style, junior drum major Tammy Steinman directs the band during a home varsity football halftime.

Back row: Tonya Halsopple, Kent Peters, Tami Steinman, Michelle Bryson, Angie Miller, Andy Scheiderer, Lynn Swing, Scott Seelig, Mr. Baulkey, Kerri McNally, Monica Ehrhardt, Kristi Kummer, Kam Etzler, Beth Calhoun, Stephanie Habegger, Teresa Doehrmann. Not pictured: Joyce Smith, Tania Chapman, David Bledsoe.

"You put a lot of hard work into it, and it's pretty nice to get something out of it. You're kinda' in the spotlight."

— Senior Andy Scheiderer

Road Crew On Duty

The road crews worked hard in paving the highway to academic excellence as well as student leadership. Some studied hard to achieve and maintain the B+ average required for membership in the Woodlon Honor Society while others were elected to lead as class officers.

Concerning her selection for honor society, **Beth Calhoun** said, "It was an honor because it made a lot of the work worthwhile." **Lynn Swing** added, "You're not just lucky to get in. You really have to work for it. There's no way you can work hard at the last second to make it."

Class officers senior **Amy Bowers**, sophomore **Lisa Toor** and freshman **Teresa Wagler** agreed that working

on homecoming hall decorations and the floats took a lot of effort and time but were fun. Junior **Marilyn Doctor** most remembered coming up with ideas and class themes for the class tourney. She said, "Everyone was pretty close. **Mr. Pierson** said we were one of the best classes, attitude-wise, he had ever worked with."

There were frustrations at times. "It was hard to make everybody happy," **Amy** said. **Lisa** and **Marilyn** said the problem of collecting class dues was the hardest for them.

Whether it was cracking the books or cracking the whip to collect dues, honor society members and class officers worked hard to pave the way for their classmates.

Senior class officers: Marcy Brenneman, Matt Werling, Amy Bowers, and Joyce Smith.

After receiving their honor society awards during honor night, seniors Cortney Schwartz and Cameron Maile watch closely as Mr. Rohrbacher presents senior Joyce Smith with her valedictorian award.

Dru Delagrange

"I feel Student Council accomplished a lot this year."
— Senior Rod Hormann

Stop! Undercover Info

Stop! The following 41 lines will explain the inside, undercover information on the student council activities. Fundraisers, dances, bloodmobile, food drive, decorations, meetings, officers and government were a few of the activities.

Both junior and senior high student councils contained 38 students who were selected to govern the school and represent their fellow classmates on many issues.

On the inside, the high school student council usually met every Tuesday at 7:15 A.M. in Mr. Pierson's room to discuss future events. When decisions needed to be made, parliamentary procedure was always followed.

The 25 members were divided into three committees: student coun-

cil organization, community projects, and school projects. Each of these groups were in charge of a certain area of community service.

Four officers were chosen to help organize the meetings and events. The president was senior **Cortney Schwartz** and junior **Kerri McNally** was the vice president. The secretarial job was held by senior **Dru Delagrange** while senior **Stan Gerig** took over the treasury.

The student council was prosperous and made over \$1,800. "Overall it was a decent year," said senior **Cortney Schwartz**. As commentator **Paul Harvey** would say, "And now you know the rest of the story," and that's the undercover info.

Dru Delagrange

Dru Delagrange

To raise money for the student council, senior **Cortney Schwartz** counts out change at the Christmas dance for a waiting dancer in the junior high lobby after a varsity basketball game.

By using his hands to talk during a meeting, sophomore **Brad Ahlersmeyer** explains his idea to the other student council members while sophomore **John Martin** agrees with him.

"Being involved in the SADD chapter really gives me a good feeling because we could be saving a life."

— Freshman Kris Abel

Planning Things Right

Planning things right. Or was it wrong? A new group formed called Students Against Drunk Driving (SADD). During the prom/graduation season, SADD put a coffin in the main lobby to scare and to help kids to not drink on those nights. Junior **Misty Bultemeier** commented, "I feel that the coffin, prom dress, and tuxedo are morbid and in extreme poor taste. The coffin may only be an unwelcome reminder to those students who have lost loved ones." In response to some of the comments, others said SADD was doing the best they could to get students to really think about what terrible things could happen.

All agreed though that the prom

committee planned everything right in September with the annual junior class magazine drive. Over \$4,000 was raised. The actual meeting of the prom committee started in March. Juniors served on committees including decoration, king and queen, food, music, programs, and awards.

Another group who made plans and gathered for meetings were the Future Problem Solving teams. Since the teams were no longer able to use school time for meetings, they held them at the members' homes and also before and after school. Students of these groups proved that they knew how to plan things right.

Carol Hughes

While in a future problem solving meeting, eighth grader Emily Nietert gets a head start on her research by using one of her textbooks.

During the prom and graduation season, SADD put together items to help students not drink and drive by displaying them in the main lobby.

Amee Gaston

"Publications is challenging yet fun at the same time. I really enjoy it."

— Senior Cissy Ely

It All Starts Here.

Stop the presses and take a look behind the scenes of the Arrow yearbook and Pow Wow newspaper because this is where it all starts.

It all began when two seniors, **Schely Gerbers** and **Jodi Hickey**, went to Ball State University during the summer for journalism camp to prepare for the upcoming editor struggles ahead. The camp helped them to learn more techniques on how to prepare a yearbook and newspaper. **Schely** stated, "The 11 P.M. deadlines and staying up until 3 A.M. every night was not my idea of a good time, but I did learn more than I expected to and I'm glad I went."

At the beginning of the school year they found out that they had a lot of work cut out for them. Due to a new policy requiring students to take a beginning journalism class before serving

on any publication, the staffs were limited with the yearbook consisting of only eight members and newspaper consisting of eleven, which meant more responsibility and hard work. Junior **Robin Hockemeyer** stated, "The staffs may have been small but the quality was still there."

Even though the staffs were busy at work they still took time out for fun. Both staffs sponsored a high school dance with WXKE's Jerson as the DJ and participated in a volleyball tournament sponsored by the FFA. The staffs also went to IPFW and Ball State for workshops to help them with ideas and questions. So stop everything and take notice of the people who put the Arrow and Pow Wow together. The staffs were small, but they had a lot to show for it.

Carol Hughes

Arrow editor senior Schely Gerbers contributes her wisdom to Pow Wow editor Cissy Ely who is starting on her yearbook layout.

Denise Beach

Taking a break from their daily journalism routines are senior Schely Gerbers, juniors Robin Hockemeyer, Carol Hughes, and senior Beckie Eberly who had a going-away party for asst. editor Angie Cecil, who moved to Morton, Illinois in October.

"God gave us two ends: one to sit on, one to think with. Here at Woodlan we use the one to think with." — senior Jeremy Grubaugh

Silly Farmers??

FFA. A bunch of silly farmers, right? Just a second here. There's more to FFA than farming. FFA stands for leadership. Actually, it means Future Farmers of America, and to its members, FFA is everything but silly.

Woodlan's chapter had 189 students plus 2 advisers who made it the number one chapter in the state, not to mention ranked in the top one percent of the nation!!!

The officers included president junior **Andy Scheiderer**, vice presidents junior **Brian Bradtmueller** and sophomore **Mark Rekeweg**, treasurer sophomore **Ed Lomont**, reporter junior **Jim Manter**, and sentinel sophomore **Rod Nahrwold**. Junior **Mark Voors** was the secretary and junior

Virginia King was the chapter sweetheart. Senior **Jeremy Grubaugh** served in the office of District III secretary.

There was lots of fun as well as profits with fund raising activities like selling almost 1,000 cases of citrus fruit in December, rose bushes and seeds in February, and sponsoring a chili supper in October and a volleyball tourney in February. If they weren't working on sales projects, members were out winning contests!

To sum up the year, **Jeremy** replied, "God gave us two ends: one to sit on, one to think with. Success depends on which end you use. Here at Woodlan, without a doubt, we use the end to think with." So much for silly farmers.

Beckie Eberly

Katrina Webster

At the FFA's annual potluck banquet held in the cafeteria, sophomore **Rod Nahrwold** and junior **Brian Bradtmueller** fill their plates before finding their seats.

On their way to national competition, the soil team of junior **Brad Singer** and **Brian Bradtmueller**, and sophomores **Katrina Webster** and **Rod Werling** stand in front of the giant buffalo during a stopoff at The Buffalo Ranch in Oklahoma.

FFA

"We had a lot of fun with all the different activities," junior president Jonell Schaper

Stop And Discover!

Stop to discover what's going on in the world of homemaking. The Future Homemakers of America held the traditional Daddy Date Nite on November 13 when the members asked their dads out. Junior **Laurie Springer** said, "We had a lot of fun going out with our dads." At the beginning of the year the underclassmen drew the names of their big sisters. Throughout the year they gave small gifts to each other secretly, and then they held a Rose Banquet on April 21 where big sisters final-

ly met their little sisters and newly-elected officers were installed. To raise money the homemakers had a Valentine's Day dance. This was the first 50-60's dance held on the Valentine's Day and the first dance the FHA had sponsored. "We had a good D.J. with good music and lighting, plus the girls put a lot of work into this dance," said adviser **Mrs. Deetz**. Stop and discover what the Future Homemakers of America have to offer.

Robin Hockemeyer

Robin Hockemeyer

After school before an FHA meeting, seniors Joyce Smith and Tania Chapman check their social calendars for the upcoming weekend.

Standing in the concession stand in the junior high lobby before the Valentine Day dance, adviser Mrs. Deetz gives instructions to chaplain junior Anna Smith as junior Laurie Springer passes by.

"One has to put up with complaining, smelly clothes, and make sure the team has everything." — junior Debbie Martin

Come Here

"Bring me some water." "Get me a towel." "I need a new piece of equipment." "Take care of the stats." Who stopped when someone yelled these things? Managers. Freshman **Tim Deetz**, varsity football manager, commented, "I don't mind it. Most of the guys don't take advantage of you being there to help and I enjoy being part of the team." Managers went the extra mile and beyond the call of duty, doing a lot to help the team out.

They came in on Saturday to do laundry, helped pack things for the upcoming game or meet, helped fix equipment, ran errands, and did

things to help make an athlete's life considerably more simple. "It takes a lot of extra time to do these things, but it's worth it to be part of the team," said sophomore **John Rorick**, boys reserve and varsity basketball manager. Senior **Stephanie Berning**, varsity and reserve baseball manager, explained that "chasing foul balls was not the best thing to do but the team's attitude toward us was always good." With all their responsibilities and obligations, these managers somehow accomplished their duties and even found time to respond to the calls of "Come here!"

Mat Pack

Robin Hockemeyer

Robin Hockemeyer

Waiting for their turn to run during the wrestling lap-a-thon, senior Mar Packer Stephanie Berning and freshman wrestler Joey Terner chat about the latest news.

In convict uniform, Mar Packer juniors Julie Gessner and Karen Fritz show their Halloween spirit during school.

Front row: Amy Gremaux, Janell Schaper, Deena Heckley, Nikky Deerbower, Jenny Allums, Angie York. Back row: Jenny Volral, Gena Gillie, Stacy Koch, Julie Gessner, Karen Fritz, Melanie Sefton, Penny Koch, Stephanie Berning.

"Being a Mat Packer is fun and it's a good way to meet guys." — junior Karen Fritz

Packing Up!

Packing what up? Why are they packing it up? What's a mat pack? It's a pack of 14 girls who performed many tasks. Instead of being called Mar Maids as in previous years, they were called The Mar Pack. They not only packed the mats up but they also packed snacks for the wrestlers. Every mat packer had a swear out fir that had their name on it and the name "The Mar Pack." Junior **Nikky Deerbower** commented, "I really liked them because they kept us warm and they showed our spirit."

They raised money by holding the

traditional lap-a-thon which went for wrestling jackets that the wrestlers and the Mar Pack both wore. The Mar Packers also sold suckers that were a big hit with the student body and brought in \$350. "This was the first year that we sold suckers and I thought it went really well," shared junior **Deena Heckley**. They also sold concessions during every home meet and cleaned the bleachers. The Mar Pack packed their season up with a final get-together at Deena Heckley's house.

Robin Hockemeyer

Robin Hockemeyer

Taking a break from running in the wrestling lap-a-thon, senior Mat Packer, Penny Koch chows down the last powdered doughnut.

Juniors Deena Heckley and Nikky Deerbower take a break from the end of the season Mar Pack party held at Deena's house, to play with Deena's dog, Brandy.

"Band was really challenging for me, but all the hard work paid off in the end." — Junior Joey Sees

Lets Here It For Band

Drum rolls or pep sessions, the school song, and the national onthem or games — through these, the Spirit of Woodlan has always supported the school.

In July and August, the Spirit of Woodlan participated in another band camp. They practiced five days a week from 8 a.m. until 12 p.m. Freshman **Niles Schwartz** commented, "The practices were hot and hard, but the band camp really got us ready for the oncoming school year."

Also during the summer, the band marched in Woodburn Days, Harlan Days, and the Grabill Country Fair. "The parades were really challenging during the summer months, but to look good and to show our spirit was our main goal," stated junior **Laurie Springer**.

When school began, the band started competing in various competitions in Indiana. This included having 7 a.m. and after-school practices. Sophomore **Amy Schaefer** commented, "Getting up one hour early wasn't my idea of fun, but in order to look great, that's what it took."

Along with competition, practices and home games, they raised money by selling cheese and sausage goods. The money they earned was put to use to buy new uniforms and other types of equipment.

During the spring months, the band got ready for their annual spring concert and also for the graduation ceremony.

They did it all so let's hear it for the band, they really stopped traffic.

Carol Hughes

During pregame of a home football game, the Spirit of Woodlan's clarinet section performs the song "Still."

During a boys ACAC basketball game at the Memorial Coliseum, sophomores Kristy Schlie and Carlo Stieglitz play "Wipe Out" to help motivate the crowd.

Band

Being the youngest drummer, freshman Bob Bennett sits at the head of the drumline and plays "Wipe Out" at a girls ACAC basketball game at the Coliseum.

While on the home football field during a halftime performance, freshman Angie Anderson takes part in playing "Durango" to entertain the onlooking crowd.

Drill Team

After a pregame show senior Mindy McCracken, juniors Angela Heintzelman and Teresa Doehrmann, and sophomore Monica Moon show that they can take their performance off the field by walking at attention as they pass the crowd.

Eighth grader Linda Keller, the youngest of the drill team members, is part of the show for the halftime entertainment, proving older doesn't always mean better.

Front row: Missy Duncan, Michelle Lawles, Nikki Dela-grange, Linda Keller, Lynn McCracken, Kim Shea, Denise Beach, Monica Moon, Angie Heintzelman and Keril York.
Row 2: Carol Hughes, Candy James, Mindy McCracken, Stephanie Hobegger, Amy Yoder, Peggy Shuler, Kim Ha-begger, Michelle Bryson, and Kelly Morhart.

"Even when we were working our hardest to put a show together, it was nice to know there was still a little time for fun." — Junior Keril York

Stop! Look! Listen!

Stop here, look over there and listen, because they're going to wipe you out. The drill team put in a lot of extra hours before and after school, practicing routines with rifles, flags, pompons, and hand motions, with their latest songs, the favorite being "Wipe Out." Sophomore **Monica Moon** stated, "It meant giving up a lot of free time, but anyone involved in the drill team would tell you that it was all worth it." They were proud of their finished product because it was "a performance with everyone doing their part, the best they can," according to junior **Nikki Dela-grange**.

During the summer seven of the drill team members attended the

Fred J. Miller Clinic in Defiance, Ohio to learn new routines and different techniques. While they were at camp, senior **Amy Yoder** tied for the "Most Outstanding Rifle" award. **Amy** stated, "I had a dream of being one of the best and all my hard work finally got me there."

Although the squads performed regularly in front of classmates at football and basketball games, sophomore **Kim Schea** would tell you that "performing at different functions and contests was also a big thrill when they got public as well as school recognition." So stop! Look! And listen because the drill team is here to wipe you out!

Carol Hughes

At halftime in the varsity gym during a home basketball game, senior **Amy Yoder** dances to "She Works Hard for the Money" and her smile shows she does work hard.

During pregame at a home basketball game, the drill team proudly does the traditional salute to the American flag before the Star Spangled Banner.

Concert choir. Front row: Mrs. Nancy Divilbiss, Valerie Becker, Sara Richhart, Shannon Mumma, Lisa West, Tammy Bracey, Debbie Werling, Michelle Richhart. Back row: Jennifer Vairal, Robin Drew, Keri York, Janelle Becker, Lisa Ehle, Dawn Weller, Jerome Burke, Kils Hieber, Sharon Ritchhart, Julie Teusch, Jamie Kurtz, Brian Carpenter, Kim Shea.

Swing choir. Front row: Mrs. Nancy Divilbiss, Michelle Richhart, Tammy Bracey, Keri York. Row 2: Valerie Becker, Tanya Holsapple, Tiffany Bergman. Row 3: Shanno Stall, Lisa Ehle, Robin Sharp, Jerome Burke. Row 4: Steinman, Kim Shea. Back row: Tommy Steinman, Lynn Swing, Matt DeLong, Kent Peters, Brian Carpenter, Jan-elle Becker.

"The Music Department is a lot different with Mrs. Divilbiss and I really enjoyed choir." — Sophomore Michelle Rodman

Right On Key

The music department was expected to be right on key as usual, but with a new director, new goals, and a new name, a different key had to be played.

Mrs. Nancy Divilbiss took the place of the former choir director and welcomed the new challenge. "I've worked with choirs before," commented Mrs. Divilbiss, "but never with older students like this. I really didn't know what to expect but we accomplished a lot." The concert choir was her first concern. Her hopes were to perform in the winter concert, the spring concert, and other places like The Brighton Hall and Low-ron Nursing Homes, and at Harlan and Woodburn Elementary Schools. She

did in fact turn her hopes into reality.

The swing choir was next on Mrs. Divilbiss' agenda and questions were raised as to whether one would be formed. With students' and parents' help, Mrs. Divilbiss was able to form a swing choir by the second semester, newly named Warrior Rhythm. The swing choir performed at banquets including the Woodlan Honor Society's and nursing homes including Brighton Hall. Senior Tiffany Bergman commented, "I really enjoyed the new swing choir and we had a lot of fun."

The music keys may have been different, but despite the new changes, the music department was always right on key.

During a swing choir rehearsal, sophomores Robyn Sharp and Tammy Bracey, senior Tiffany Bergman, and sophomore Brian Carpenter prepare their voices by singing warmups.

Coyly holding their bath towels, freshmen Lisa Ehle and junior Tanya Holsapple take part in rehearsals for "Spish Sposh," a swing choir routine that was part of a 50's program.

Music

They're not waving goodbye. Junior Valerie Becker, senior Tiffany Bergman (back to camera) and junior Lynn Swing work hard during a night practice to get the routine down for the 50's program.

Perfecting their towel work during the "Splish Splash" routine, freshman Lisa Ehle and sophomore Robyn Sharp sing, too, while sophomore Kim Shea steps to the music.

Means Business

ADS

Ads (adds), N. 1, advertisements, 2. the information center of the book, 3. the "yellow pages" of a yearbook.

Stop means business! So don't skip this section. Stop, and let your fingers do the walking. The following pages could mean business and that's why they're here. They put the **Arrow** in business so help out and keep these advertisers in business. Don't miss what this section has to offer or what unexpected can be learned from it. Don't be surprised. Stop means business.

yellow pages

Caution: Business Loop ahead. Next information center — this is the last information center

Schely Gerbers

The Woodlan basketball followers come and support the teams at ACAC in the Coliseum and display their spirit with the shiny W's.

Relaxing in Mr. Myers' "lounge area" in the back of his room, senior Scott Yoder listens to his favorite tape and takes time out in the day for himself.

Dru Delagrangue

Kym Campbell

“

Yea, we're seniors and we can goof off it we want to (before the senior group picture was taken.)

Lynda Grams, Diana Malmstrom, and Amy Yoder

”

Cissy Ely

In the center court at the Glenbrook Mall, sophomore Angie Sipe exaggerates to Santa all the things she wants for Christmas.

SENIORS

And What They Did Here

Anderson, Tracy: Cheerleader 1, 2; Student Council 1, Spanish Club 1, 2, 3; sec. 2; Honor Society 3, 4; Drill Team 3, 4; Winter Guard 3; Musical 3.

When you become seniors you realize it went so fast
When you're seniors all you think of is what happened in the past

Where did the time go? We often ask ourselves
So stop-n-think before you ruin the future for yourselves
While you still have time, go explore and see new places
Go journey, travel, and meet new faces
Seniors from any year or school are kicking themselves in the butt

For not going through the door, before the door gets shut.

Bathing beauties seniors Scott Yoder, Ray Mendenhall, and Rod Hormann decided to do something out of the blue and wear bikinis one day during spring break in Florida, but they wouldn't stroll down the beach.

2, 3, 4, Track 3, 4. Motto: Live each day like it's your last!

Miller, Tina: Basketball 1, 2, Volleyball 1, 2, German Club 1, 2, 3, 4, Computer Club 1, German Awards. Motto: Don't count the days, make the days count.

Motter, Brett: Baseball 1, 2, 3, 4, Football 1, 2, 3, 4, Basketball 1, 2, FCA 1, FPS 1, 2

Mundy, Clark: Basketball 1, 2, Football 1, 2, 4, Track 1, 2, 3, 4, FCA 1. Motto: You're going to go far, you're going to fly high, you can make it if you try!

Platter, Jenny: Art Club 1, Computer Club 1, Prom Committee 3, Track 1, 2, 3, 4. Motto: If you got a sick day, take it!

Pulver, Debra: Motto: Ask me if I care

Quickery, Shannon: Computer Club 1, Ski Club 1, Academic Achievement Award 2. Motto: To accomplish all that I want to achieve and to live life to its fullest.

Quinn, Robin: Spanish Club 2, FHA 2. Motto: I don't know, and I don't care

Ridgway, Susan: FPS 1, 2, 4, Oklahoma Crew 2, Guys and Dolls Props 3,

more — Band Captain 4. Motto: If at first you don't succeed, fake it!!

Seberl, Jason: Football 1, 2, 3, 4, Basketball 1, 2, Golf 1, 2, 3, 4. Motto: Memories are what has been. Dreams are what might have been

Setton, Gary: Wrestling 1, 2, 3, 4, Cross Country 2, 3, 4, captain 4, Track 4, FFA 1, 2, 3, 4, treasurer 3, Horticulture team member — first in state, third in nation 3, Horticulture Demonstration — third in state 3, Entomology Contest — second in state 2, 3. Motto: Make the most of yourself, for that is all there is of you

Personals

Tom Bergman,

We are proud of you Tom. The future is yours. Go for it!

Love, Mom and Dad

Nick,

We love you and are proud of you. Good luck in anything your future holds for you. God Bless.

Mom and Dad

Good luck Mindy McCracken.

Love, Mom and Dad

Ray,

We are so proud to have a fine son like you, Ray. You are our pride and joy. We wish you the best of everything in life. God Bless.

Love, Mom and Dad

Tina,

Your future is our success! We are very proud of you!

Love Mom and Dad

Brett,

You have given us so many wonderful memories while at Woodlan. We are so proud of you.

Love, Mom and Dad

Todd,

May you have success and happiness in the future. We're so proud of you.

Love, Mom and Dad

Shannon,

"The world is full of beauty when the heart is full of love." Congratulations honey and good luck.

Love, Mom and Dad

Darren,

We wish you God's blessings in all that you do. We are proud of you.

Love, Mom and Dad

Tiffany:

I love you.

To the class of '87,

Good luck in life. Shawn, Shannon, Diana, Julie, Karen, Tiff, and Mike. Keep in touch and have a good one!

Kelli

Tom Bergman,

Good luck in everything you do. We are proud to have a brother like you.

Love, Kim and Vic

Stephanie and Trish,

Thanks for all the cans.

Grand Paw John

Tami, Gina, Missy and Tre,

To some of the rowdiest partiers at Woodlan! Have a great summer and senior year,

Love & Buds, Elice

Good luck my fellow seniors. I don't believe we made it. Keep listening to Crue.

Good luck always, Jim
Alvey

The parents of Donald Smith wish to thank his teachers and coaches for putting up with him in his year at Woodlan.

Diane and Gene Smith

Amy,

Good luck in the future. We are proud of you.

Mom and Dad

Angelo,

I'm glad we've grown closer as every day passes. I know our love will increase every day. I hope our future will be successful as life goes on. I love you forever.

Phil "Teddy"

J.D.,

I will always love you!!!

Love, Lora

Travis:

Thanks for the year together. I love you!!

Tiffany

Susan,

Go for your dreams! I know you can do it.

Love, Kathy

To my best buddy Rick Messman,

Thanks for all the wonderful things you've done for me. I don't know what I would have done without you. You mean more to me than words can ever express. If you ever need me, you know I'm here cuz "That's What Friends Are For." I love you now and forever.

Love, Kristie Abel

To Denise, Stephanie, Kym, Cissy, Aimee, Jodi, Dean, Diana, Steve and Jim,

Through nine issues, I've just about seen it all! What am I going to do next year without no "Shut up, Dean!?" You're such an eclectic group (look *that* one up!), and that's why I have enjoyed you Pow Wowers so much!

Love, Mrs. Eckert

To Dru, Beckie, Schely, Darren, Robin, and Carol,

You really are "family" aren't you? I have delighted in seeing you huddled around the table working feverishly on your own layouts, yet never hesitating to make someone else's burden a little lighter. *Stop Right Here* and pat yourselves on the backs for giving the 1987 Arrow all you have!

Love, Mrs. Eckert

Good Luck Graduates, from the Staff and Employees at Woodlan.

What's on the ceiling of the Memorial Coliseum? Senior Brad Bowditch, and juniors Russ McCurdy, Scott Seelig, and Angle Heintzelman found out at the ACAC tourney, when trying to get the rest of the crowd to look too.

Party Headbangers from the March 27 deadline are juniors Carol Hughes and Robin Hockemeyer, seniors Schely Gerbers, Cissy Ely, Aimee Gaston, Dru Delagrang and Beckie Eberly, with senior Darren Herschberger in front.

A journalist must eat and the workplace just isn't right without food on the table. Year-book staffers get mighty hungry when they have to stay until 11 p.m. after school.

Thanks

Stop right here, this is the end, this book is finished! It's done, and only by EIGHT staff members with the exception of a few party headbangers from the Pow Wow staff. This book made history with us and broke all the old-fashioned traditions that for some reason couldn't be broken before. Very, very special thanks go to these staffers: the belcher, the panic woman, the tap dancer, the invisible person, the rubber cement woman, the candy woman, and the sports commentator, plus the Party Headbangers Crew from the March 27 deadline night. Thanks to Karl for sweeping up after us and to Woodlan for letting us get away with doing "our" thing. What can I say about Mrs. Eckert? Thanks for going the extra mile to get us what we wanted and for staying "up" with us during deadline weeks. Thanks also to Mark Childs for the last-minute calls and for finding the loopholes in the company. But I can't forget those two people who brought me into this world. Thanks for putting up with my tantrums and arguments but thanks for the good ideas, brainstorm, and the help.

Schely Gerbers, Editor

The trusty adviser, Mrs. Melanie Eckert, looks over the finalized layouts right after a Dairy Sweet run on a deadling night.

STOP

Right Here

Final Instructions

Stop here. Not there, here. Stop here. This is the end! No, not the end of the world but the end of the '87 Arrow. "Unlike all good books that come to an end, true friends are like a circle and never end," commented senior **Brad Bowditch**. No crossroad, stop sign or road construction could stop a Warrior but the State Road 101 bridge construction one-lane stop light, Thimble Road repavement construction flagman, the blocked off Main Street for the Woodburn fire, and the biggie — Maumee Valley Seed pesticide fire, sure slowed them down, just (only) to catch a glimpse to see. Stop is a big word and regardless of the events that said so, it never got in the way. No weather condition, not even a week of rain for Homecoming, could stop the Warriors from keeping Leo scoreless (33-0). For more proof, skim back through the book.

Yield could now officially be put on all homework but only long enough to receive diplomas. After that there was no homework and it was summertime so . . .

GO! Go where? Classes were over and school was out — think of *something*. "I can't wait to jump in Crooked Lake, learn how to ski barefoot, and become a professional skier," responded senior **Penny Koch**. So don't stop right here — it's time to go . . .

Back To The Beginning.

Schely Gerbers

Between class tourney games in the varsity gym, senior citizen Bob Knight, Sr., Coach Tim Gerig, sweeps up after his men's basketball team.

After the senior breakfast, the class met in the varsity gym for commencement rehearsal where they gave Mr. Greathouse a rowdy ovation when he started to talk.

Denise Beach

Stop Right Here '87 Made History

The Lady Warriors; sophomore Sarah Herman, juniors Teresa Sieger, Marilyn Doctor, senior Amy Bowers, juniors Kristie Kummer, Sharon Frecker, and senior Marcy Brenne-

man behind her, nervously huddle together for the final strategy which gave them that victory and the first-ever girls basketball ACAC county tourney championship.

Before It Ends

**Dead
End**
